

## Full Opening of School from Autumn 2020 – Coronavirus (Covid-19) Pandemic Risk Assessment V6

On the following pages, you will find an extensive risk assessment which will hopefully provide you with some of the tools to enable your school/setting to fully re-open safely in September 2020.

The Government's plan is for all pupils, in all year groups, to return to school full-time from the beginning of the autumn term 2020. The [Actions for schools during the coronavirus outbreak \(Full Opening: Schools\)](#) is intended to support schools, both mainstream and alternative provision, to prepare for this. It applies to primary, secondary (including sixth forms), post-16 academies, infant, junior, school-based nurseries and boarding schools. Independent schools are expected to follow the control measures set out in this document in the same way as state-funded schools. The guidance also covers expectations for children with special educational needs and disability (SEND), including those with education, health and care plans, in mainstream schools. Separate guidance is available for [Early years and childcare providers](#) and for [Special schools and other specialist settings](#). Schools should use their existing resources to make arrangements to welcome all children back. Schools should not put in place rotas.

While the aim is to have all pupils back at school in the autumn, every school will also need to plan for the possibility of a local lockdown and how they will ensure continuity of education.

In most cases the preparation for full opening will be undertaken by the Head teacher and senior colleagues. However, relevant bodies (such as the local authority, academy trusts or governing bodies, depending on the school type) retain responsibility for key decisions and plans should be confirmed with them, particularly risk assessments of the school opening fully before pupils and staff return. All staff and Trade Union safety representatives should be consulted on the development of your risk assessment(s) - leaders are encouraged to ensure that consultation on any changes to risk assessments that will be in place for the start of the autumn term commence with staff before the summer break, to ensure that those that are on term-time only contracts have adequate time to contribute. Ensure all persons understand any safety measures, how usual practice may need to be adapted and the safe ways to work together with timetable changes and operational precautions.

Schools have remained open to some pupils since 20 March, welcoming more pupils back from 1 June. Schools should therefore have already assessed the risks and implemented proportionate control measures to limit the transmission of coronavirus (COVID-19) for a limited number of pupils.

As part of planning for full return in the autumn term, it is a legal requirement that schools should revisit and update their risk assessments (building on the learning to date and the practices they have already developed), to consider the additional risks and control measures to enable a return to full capacity in the autumn term - this means making judgments at a school level about how to balance minimising any risks from coronavirus (COVID-19) by maximising control measures with providing a full educational experience for children and young people. Settings should also review and update their wider risk assessments and consider the need for relevant revised controls in respect of their conventional risk profile considering the implications of coronavirus (COVID-19). Schools should ensure that they implement sensible and proportionate control measures which follow the health and safety hierarchy of control to reduce the risk to the lowest reasonably practicable level. Essential measures include:

- a requirement that people who are ill stay at home;
- robust hand and respiratory hygiene;
- enhanced cleaning and ventilation arrangements;
- active engagement with NHS Test and Trace;
- formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible and minimise potential for contamination so far as is reasonably practicable.

How contacts are reduced will depend on the school's circumstances and will (as much as possible) include:

- grouping children together;
- avoiding contact between groups;
- arranging classrooms with forward facing desks;
- staff maintaining distance from pupils and other staff as much as possible.

Having assessed your risks, you must work through the below system of controls, adopting measures to the fullest extent possible in a way that addresses the risks identified in your assessment, works for your school and allows you to deliver a broad and balanced curriculum for you pupils, including full educational and care support for those pupils who have SEND.

Actions schools must take include:

#### Prevention:

- 1) minimise contact with individuals who are unwell by ensuring that those who have coronavirus (Covid-19) symptoms, or who have someone in their household who does, **or those who have been advised to self-isolate by NHS Test and Trace**, do not attend school;
- 2) Where recommended, use of face coverings in schools (\*this applies to secondary schools only and is only mandatory where there is a local lockdown in place);
- 3) clean hands thoroughly more often than usual;
- 4) ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach;
- 5) introduce enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents and bleach;
- 6) minimise contact between individuals and maintain social distancing wherever possible;
- 7) where necessary, wear appropriate personal protective equipment (PPE);
- 8) Always keeping occupied spaces well ventilated.

Numbers 1 to 5\* and number 8 must be in place in all schools, all the time.

Number 6 must be properly considered and schools must put in place measures that suit their particular circumstances.

Number 7 applies in specific circumstances.

#### Response to any infection:

- 9) engage with the NHS Test and Trace process;
- 10) manage confirmed cases of coronavirus (Covid-19) amongst the school community;
- 11) contain any outbreak by following local health protection team advice;
- 12) notify Ofsted through the usual notification channels (via email) of any confirmed cases of coronavirus (Covid-19) in the setting (either child or staff member), and if the setting is advised to close as a result.

Numbers 9 to 11 must be followed in every case where they are relevant. Number 12 applies only to nurseries and nursery provision in primary schools (rather than the whole school) including maintained schools, non-maintained schools, independent schools and those on the Early Years Register.

Risk reduction measures should (as with all other risk assessments) be assessed in order of priority as set out below; schools should not simply adopt the easiest control measure to implement. Controls should be practical to be implemented and, ideally, should be able to be maintained easily over time. It is critical to remember that it will only rarely be feasible to eliminate individual risks completely.

- 1) **Elimination:** stop an activity that is not considered essential if there are risks attached.
- 2) **Substitution:** replace the activity with another that reduces the risk. Care is required to avoid introducing new hazards due to the substitution.
- 3) **Engineering controls:** design measures that help control or mitigate risk.
- 4) **Administrative controls:** identify and implement the procedures to improve safety (for example, markings on the floor, signage).
- 5) Having gone through this process, **PPE** should be used in circumstances where the guidance says it is required.

The control measures listed in the following risk assessment are a guide to help and support you. It is divided into 3 parts:

- **Part 1** – Staff and pupil management issues to support full opening of the school;
- **Part 2** - Premises and maintenance issues required prior to and during full opening (*although much of this will have been completed prior to partial opening in June*);
- **Part 3** - Variations to practices and protective measures as a result of the National Restrictions to control the spread of coronavirus (COVID-19).

Control measures in all parts will need to be considered. Some of the information can simply be deleted where it does not apply to your setting or where you have devised your own particular control measure to reduce the risks. So although it may look onerous, much of it is made up of possible practical solutions and measures you will already have considered.

This risk assessment **may well be subject to change** as we move forward, but we will highlight any changes to make life easier for you. Please be assured that we continue to be here to support you. If you have any queries, please do not hesitate to get in touch.

Stay safe, keep well and take care.

# Full Opening of School from Autumn 2020 – Coronavirus (Covid-19) Pandemic Risk Assessment V5

<b>Activity:</b>	Full Opening of School from Autumn 2020 during Coronavirus (Covid-19) Pandemic			<b>Location:</b>	St John Henry Newman Catholic School
<b>Assessor:</b>	John McAuley, Headteacher	<b>Ref No.:</b>	NCS-RO6	<b>Distribution:</b>	All staff, parents, Kym Allan, Local Authority and Union
<b>Date:</b>	Reviewed with no updates 12 October 2020 Reviewed and updated 2 November 2020 Reviewed and updated 12 November 2020 Reviewed and updated 30 November 2020	<b>Proposed Review Date:</b>	Following consultation then weekly initially or sooner if required	<b>Signed:</b>	<i>Mr John McAuley</i>

All pupils, in all year groups should return to school full-time from the beginning of the autumn term 2020. The [Actions for schools during the coronavirus outbreak \(Full Opening: Schools\)](#) is intended to support schools, both mainstream and alternative provision. It applies to primary, secondary (including sixth forms), infant, junior, middle, upper, school-based nurseries and boarding schools. Independent schools are expected to follow the control measures set out in this document in the same way. The guidance also covers expectations for children with SEND, including those with education, health and care plans, in mainstream schools. Separate guidance is available for [Early years and childcare providers](#) and for [Special schools and other specialist settings](#).

This Risk Assessment is divided into 3 distinct parts:

- **Part 1** – Staff and pupil management issues to support full opening of the school;
- **Part 2** - Premises and maintenance issues required prior to and during full opening (*although much of this will have been completed prior to partial opening in June*);
- **Part 3** - Variations to practices and protective measures as a result of the New National Restrictions to control the spread of coronavirus (COVID-19).

Separate Risk Assessments are available on the KAHSC website for [Cleaning Schools during Coronavirus Pandemic](#), [School Catering Operations during the Coronavirus Pandemic](#).

## PART 1 – STAFF AND PUPIL MANAGEMENT ISSUES TO SUPPORT RE-OPENING OF THE SCHOOL/SETTING

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
Contact with individuals who are unwell	Serious respiratory illness, death	All building users, including visitors/ parents, contractors/ maintenance personnel	High	<input type="checkbox"/> Ensure that pupils, staff and other adults do not come into school if they have <a href="#">coronavirus (COVID-19) symptoms</a> (a new continual cough, a temperature in excess of 37.8°C or a loss of, or change in their normal sense of taste or smell (anosmia)) or have tested positive in the last 10 days, and ensure anyone developing those symptoms during the school day is sent home ( <a href="#">Stay at home guidance for households with possible Covid-19 infection</a> ).  <input type="checkbox"/> If anyone in the school becomes unwell with coronavirus symptoms, they must be sent home and advised to follow the above <a href="#">Stay at home guidance</a> , which sets out that they must self-isolate for at least 10 days and should <a href="#">arrange to have a</a>	<p>All staff and parents made aware by issuing staff and parent guidelines with copies held on the school website and also in the Departments Drive.</p> <p>Public Health England has good evidence that routinely taking the temperature of pupils is not recommended as this is an unreliable method for identifying coronavirus (Covid-19).</p> <p>Essential workers, which includes anyone involved in education or childcare, have priority access to testing.</p>	Low

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p><a href="#">test</a>. Other members of their household (including any siblings) should self-isolate for 14 days from when the symptomatic person first had symptoms.</p> <ul style="list-style-type: none"> <li data-bbox="808 363 1547 624">☐ If someone in a child or staff member’s <a href="#">support bubble</a> is showing coronavirus symptoms, or otherwise self-isolating, everyone in that support bubble should stay home. If the child/staff member or a member of their support bubble is contacted as part of the <a href="#">NHS Test and Trace programme</a>, the individual contacted should stay at home. If the individual becomes symptomatic, everyone in the support bubble should then isolate.</li> <li data-bbox="808 692 1547 919">☐ If a child is awaiting collection, they will be moved, if possible, to the Medical Room where they can be isolated behind a closed door, depending on the age and needs of the child, with appropriate adult supervision if required. Ideally, a window should be opened for ventilation. If it is not possible to isolate them, we will move them to an area which is at least 2 metres away from other people.</li> <li data-bbox="808 954 1547 1082">☐ If they need to go to the bathroom while waiting to be collected, they should use a separate bathroom if possible. The bathroom will be cleaned and disinfected using standard cleaning products before use by anyone else.</li> <li data-bbox="808 1117 1547 1441">☐ If a child needs direct personal care until they can return home, a fluid-resistant surgical face mask will be worn by the supervising adult <b>if</b> a distance of 2m cannot be maintained. If contact with the child is necessary, then disposable gloves and a disposable apron will also be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eyes, e.g. from coughing, spitting, or vomiting, then eye protection will also be worn. Refer to <a href="#">safe working in education, childcare and children’s social care settings, including the use of personal protective equipment (PPE)</a></li> </ul>	<p>Staff to inform Julie Ingham or Ian Thompson if they or a pupil has any symptoms of Covid-19 whilst in school.</p> <p>All staff to follow current absence procedure if calling an absence before school opens by contacting the absence line on 01228 404761 by 7am, clearing stating what their ailments are.</p> <p>Parents to follow current absence procedure if calling an absence before school opens by contacting the absence line on 01228 404769, clearing stating reason for absence.</p> <p>The Local Authority Public Health Team has produced specific guidance and advice on what to do if someone becomes ill <a href="https://content.govdelivery.com/accounts/UKCCC/bulletins/282a40b">https://content.govdelivery.com/accounts/UKCCC/bulletins/282a40b</a>.</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<input type="checkbox"/> In an emergency, call 999 if someone is seriously ill, injured or their life is at risk. <input type="checkbox"/> Anyone who has helped someone with symptoms and any pupils who have been in close contact with them do not need to go home to self-isolate unless they develop symptoms themselves (in which case, they should arrange a test) or if the symptomatic person subsequently tests positive or they have been requested to do so by NHS Test & Trace. <input type="checkbox"/> Everyone must wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell. The area around the person with symptoms must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people. Refer to <a href="#">COVID-19: cleaning of non-healthcare settings outside the home guidance</a> . <input type="checkbox"/> If a child starts displaying coronavirus symptoms while at school they must be collected by a member of their family or household. <input type="checkbox"/> Any member of staff who has provided close contact care to someone with symptoms, even while wearing PPE, and all other members of staff or pupils who have been in close contact with that person with symptoms, even if wearing a face covering, do not need to go home to self-isolate unless they develop symptoms themselves (in which case, they should arrange a test) or if the symptomatic person subsequently tests positive or they have been requested to do so by NHS Test & Trace. <input type="checkbox"/> Everyone must wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell. The area around the person with symptoms must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people. Refer to <a href="#">COVID-19: cleaning of non-healthcare settings outside the home</a> .	<p>Fluid-resistant surgical face masks are available for staff with PPE stations in all classrooms, offices and the medical room. PPE will also be with first aid kits (PE, Student Services, Reception and Design and Technology).</p> <p>Anyone with coronavirus (COVID-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital.</p>	
Poor response to an infection	Infection spread leading to serious	All building users, including	High	<input type="checkbox"/> We will ensure all staff and parents understand the NHS Test and Trace process. We will ensure that staff and parents/carers understand that they will need to be ready and willing to:	<b>Cumbrian Schools:</b> We will telephone the <a href="#">Cumbria Covid-19 Call Centre</a> should we have a positive case of coronavirus in	Low

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
	respiratory illness, death	visitors/ parents, contractors/ maintenance personnel		<ul style="list-style-type: none"> <li>- <b>self-isolate and book a test</b> if they or their child are displaying symptoms (or order via Tel No. 119). Staff and pupils must not come into the school if they have symptoms and must be sent home to self-isolate if they develop them in school. All children can be tested, including children under 5, but children aged 11 and under will need to be helped by their parents/carers if using a home testing kit;</li> <li>- provide details of anyone they or their child have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test &amp; Trace/Public Health;</li> <li>- <b>self-isolate</b> if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or if anyone in their household develops symptoms of coronavirus (COVID-19).</li> </ul> <ul style="list-style-type: none"> <li><input type="checkbox"/> We will assist the Test and Trace service by keeping a temporary record of staff shift patterns for 21 days and assist NHS Test and Trace with requests for that data if needed.</li> <li><input type="checkbox"/> Home test kits – see below.</li> <li><input type="checkbox"/> We will ask parents and staff to inform us immediately of the results of a test and follow this guidance: <ul style="list-style-type: none"> <li>- if a child or member of staff tests negative, then they should stay at home until they are recovered as usual from their illness but can safely return thereafter. Other members of their household can stop self-isolating. The only exception to return following a negative test result is where an individual is separately identified as a close contact of a confirmed case, when they will need to self-isolate for 14 days from the date of that contact, <b>or if other members of their household are symptomatic.</b></li> <li>- if a child or member of staff <b>with symptoms</b> tests positive, they should follow the '<a href="#">stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection</a>' and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have a temperature (a cough or anosmia can last for several weeks once the infection has gone). The 10-day period starts from the day when they first became ill <b>if they have symptoms, or from the date</b></li> </ul> </li> </ul>	<p>school. This applies to both staff and pupils. Do <b>NOT</b> give this Tel No. to parents/non-staff. Any queries about a suspected case will be emailed to: <a href="mailto:EducationIPC@cumbria.gov.uk">EducationIPC@cumbria.gov.uk</a> (inbox monitored by CCC Public Health team Monday to Friday). Refer also to the <a href="#">CCC Public Health COVID-19 flowchart for suspected or confirmed cases in schools</a></p> <p><b>Non Cumbrian Schools/any school:</b> Contact the DfE Helpline: 0800 046 8687 &amp; select Option 1 for advice on the action to take in response to a positive case. If, following triage, further expert advice is required the adviser will escalate the school's call to the local health protection team.</p> <p>We can <a href="#">order additional test kits online</a> 21 days after we receive a delivery confirmation email telling us that our previous supply of test kits has been sent. We will need a Unique Organisation Number (UON) to place orders for test kits. This will be emailed to us by the DHSC on or before 16/09/20. Kits will be supplied in boxes of 10, with one box provided per 1,000 pupils.</p> <p>Test kits will be provided by school to staff and pupils who are finding it difficult to get a test.</p> <p>If any individual with symptoms is believed to have contracted the Covid-19 virus 'whilst at work', the relevant information must be reported to the HSE under RIDDOR legislation.</p> <p>Report confirmed cases of COVID-19 through the online attendance form daily return and also continue to inform the LA</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p><b>the test was taken if asymptomatic.</b> If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household should continue self-isolating for the full 14 days.</p> <ul style="list-style-type: none"> <li>- If a child or member of staff is not experiencing symptoms but has tested positive for Covid-19, they must self-isolate for at least 10 days, starting from the day the test was taken. If symptoms develop during this isolation period, then they must restart the 10 day isolation from the day symptoms developed. Others in the household must self-isolate for 14 days from the date of the positive test.</li> </ul> <p><input type="checkbox"/> We have introduced a recording system for visitors who attend the school which also supports the local Public Health test and trace system.</p> <p><input type="checkbox"/> By the autumn term, all schools will be provided with a small number of home testing kits that we can give directly to parents/carers collecting a child who has developed symptoms at school, or staff who have developed symptoms at school. Test kits should only be used in the exceptional circumstance that an individual becomes symptomatic and we believe they may have barriers to accessing testing elsewhere. Refer to <a href="#">Home test kits for schools</a>. It is for us to determine how to prioritise the distribution of test kits in order to minimise the impact of the virus on the education of pupils. Refer to <a href="#">Home test kits for schools</a>.</p> <p><input type="checkbox"/> We will ask parents and staff to inform us immediately of the results of a test:</p> <ul style="list-style-type: none"> <li>- if a child or member of staff tests negative, if they feel well and no longer have symptoms similar to coronavirus (COVID-19), they can stop self-isolating although it is still best to avoid contact with other people until they are better. Other members of their household can stop self-isolating.</li> <li>- if a child or member of staff tests positive, they should follow the '<a href="#">stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection</a>' and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not</li> </ul>	<p>of any confirmed cases (<a href="#">How to complete the educational setting status form</a>).</p> <p>In the sad event of the death of a worker in children's services from coronavirus (COVID-19) follow: <a href="#">Actions for employers and providers following a coronavirus (COVID-19) related death of a carer or colleague across children's services</a></p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p>have symptoms other than cough or loss of sense of smell/taste (a cough or anosmia can last for several weeks once the infection has gone). The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household should continue self-isolating for the full 14 days.</p> <ul style="list-style-type: none"> <li>- If a child or member of staff is not experiencing symptoms but has tested positive for COVID-19, they must self-isolate for at least 10 days, starting from the day the test was taken. If symptoms develop during this isolation period, then they must restart the 10 day isolation from the day symptoms developed. Others in the household must self-isolate for 14 days from the date of the positive test.</li> </ul> <ul style="list-style-type: none"> <li><input type="checkbox"/> At this stage, all those who have been in close contact with the pupil or member of staff in their group or bubble will be asked to self-isolate for 14 days.</li> <li><input type="checkbox"/> If a further child who is self-isolating develops symptoms, they should be tested for COVID-19. If this result is positive, they will begin the 10 day isolation from the day they became ill. All those in the second child's household will need to self-isolate for 14 days from the onset of the symptoms. If the result is negative, the second child will continue with their 14 day isolation period as a result of being in contact with the first child. For further information see page 5 (1<sup>st</sup> bullet point).</li> <li><input type="checkbox"/> In the majority of cases, school and parents will be in agreement that a child with symptoms should not attend school, given the potential risk to others. In the event that a parent or guardian insists on a child attending school, school can take the decision to refuse the child if in our reasonable judgement it is necessary to protect our pupils and staff from possible infection with Covid-19). Any such decision will be carefully considered in light of all the circumstances and the current public health advice.</li> </ul> <p><b>Home Test Kits</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> All schools have been provided with a small number of home testing kits (Tel: 119 if these have not arrived). Kits are suitable for people of</li> </ul>	<p>Use of the NHS Covid-19 app is a limited exception to our normal policy on mobile phones being off and Bluetooth being disabled. Further guidance can be found in <a href="#">Use of the NHS COVID-19 app in schools and FE colleges</a></p> <p>Refer to <a href="#">Home test kits for schools</a>. We can <a href="#">Order additional home test kits online</a> 21 days after we receive a delivery confirmation email telling us that our previous supply of test kits has been sent.</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p>all ages. Kits should not be given directly to children - only to adults over the age of 18 or a child's parent or carer. Parents and carers will be required to administer the test to those under 11.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Full instructions on how to administer the test and what to do next are provided within each kit. Schools will not be expected to administer testing, and testing should not take place on site (with the exception of residential settings).</li> <li><input type="checkbox"/> As with students, we may consider offering kits to members of staff who become symptomatic on site if we do not think that they will be able to access testing by the usual routes.</li> <li><input type="checkbox"/> In addition, if a symptomatic staff member, who is currently self-isolating, cannot access testing quickly, we can consider offering them a test kit in order to allow them to return to work as quickly as possible if they test negative and have not been in close contact with a confirmed case. This approach should <b>not</b> be used for students, only for symptomatic staff members who are vital to the running of our educational setting.</li> <li><input type="checkbox"/> Staff who develop symptoms should not enter the premises of their place of work under any circumstances, even to collect a test kit. Nor should they come into close physical contact (within 2m) with anyone outside their household.</li> <li><input type="checkbox"/> We have discretion over how we deliver kits to symptomatic staff members, as long as this is done safely with due regard for the transmission risk. The symptomatic staff member, and all members of their household, must stay at least 2m away from other individuals at all times; e.g. <ul style="list-style-type: none"> <li>- post the kit to the symptomatic staff member;</li> <li>- ask another member of staff to drop the kit through the letterbox of the symptomatic staff member's home address;</li> <li>- (for symptomatic staff with vehicle access) ask another member of staff to leave the test kit a safe distance from the symptomatic colleague's vehicle at an agreed time and location. That staff member should then withdraw to a safe distance (at least 2m away) whilst the symptomatic staff member exits their vehicle and retrieves the test kit.</li> </ul> </li> <li><input type="checkbox"/> Schools in particularly high risk areas may be eligible for an additional delivery of test kits. These will be allocated to schools by the DHSC based on the local prevalence of COVID-19. We will be emailed directly if we are eligible to receive these additional test kits.</li> <li><input type="checkbox"/> Any additional kits allocated and provided in this way should be used in line with <a href="#">Home test kits for schools</a> at our discretion to minimise the impact of the virus on the education of our pupils. This includes</li> </ul>	<p>Kits will be supplied in boxes of 10, with one box provided per 1,000 pupils.</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p>ensuring access to testing for symptomatic staff who are vital to the running of our education setting.</p> <p><b>NHS Test and Trace App</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> The national <a href="#">NHS Test and Trace App</a> is now available. All staff/volunteers and students aged 16 and over will be encouraged to download the app to their smartphones (available on the Google Play Store and Apple App Store).</li> <li><input type="checkbox"/> The app will be used alongside traditional contact tracing to notify users if they come into contact with someone who later tests positive for coronavirus.</li> <li><input type="checkbox"/> The app complements, rather than replaces, existing processes. Refer also to 'Lettings' below.</li> </ul>		
There is a confirmed case of coronavirus amongst the school community	Infection spread leading to serious respiratory illness, death	All building users, including visitors/ parents, contractors/ maintenance personnel	High	<ul style="list-style-type: none"> <li><input type="checkbox"/> We will take swift action when we become aware that someone who has attended has tested positive for coronavirus (COVID-19). We will contact the local health protection team. This team will also contact us directly if they become aware that someone who has tested positive for coronavirus (COVID-19) attended the school – as identified by NHS Test and Trace.</li> <li><input type="checkbox"/> The health protection team will carry out a rapid risk assessment to confirm who has been in close contact with the person during the period that they were infectious, and ensure they are asked to self-isolate.</li> <li><input type="checkbox"/> The health protection team will work with us in this situation to guide us through the actions we need to take. Based on the advice from the health protection team, we must send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 14 days since they were last in close contact with that person when they were infectious. Close contact means: <ul style="list-style-type: none"> <li>- direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin);</li> <li>- proximity contacts - extended close contact (within 1 to 2m for more than 15 minutes) with an infected individual;</li> </ul> </li> </ul>		Low

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<ul style="list-style-type: none"> <li>- travelling in a small vehicle, like a car, with an infected person.</li> <li><input type="checkbox"/> The health protection team will provide definitive advice on who must be sent home. To support them, we will keep a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups. This will be a proportionate recording process - we do not need to ask pupils to record everyone they have spent time with each day or ask staff to keep definitive records in a way that is overly burdensome.</li> <li><input type="checkbox"/> A template letter will be provided to us, on the advice of the health protection team, to send to parents and staff if needed. We will not share the names or details of people with coronavirus (COVID-19) with anyone except the public health authority for public health reasons e.g. to trace contacts and protect against the serious threat to public health.</li> <li><input type="checkbox"/> Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms. If someone in a class or group that has been asked to self-isolate develops symptoms themselves within their 14-day isolation period they should follow '<a href="#">stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection</a>'. They should get a test, and: <ul style="list-style-type: none"> <li>- If someone who is self-isolating because they have been in close contact with someone who has tested positive for COVID-19 starts to feel unwell and gets a test for coronavirus themselves, and if the test delivers a negative result, they must remain in isolation for the remainder of the 14-day isolation period. This is because they could still develop the coronavirus (Covid-19) within the remaining days.</li> <li>- if the test result is positive, they should inform school immediately, and must isolate for at least 10 days from the onset of their symptoms (which could mean the self-isolation ends before or after the original 14-day isolation period). Their household should self-isolate for at least 14 days from when the symptomatic person first had symptoms, following '<a href="#">stay at home: guidance for</a></li> </ul> </li> </ul>	<p>Both pupil and staff privacy notices are up to date, have been issued to staff and parents and are on the school website.</p>

					<p>Enhanced cleaning schedules will be shared and implemented including more frequent cleaning of rooms/shared areas, frequently touched surfaces.</p> <p><b><u>Premises</u></b></p> <p>Catch it, kill it, bin it posters will be displayed around school alongside distance reminder posters. Annual School Premises H&amp;S inspection checklist will be carried out prior to opening.</p> <p><b><u>Cleaning</u></b></p> <p>The classrooms will be cleaned at the end of each day in line with Government guidance. The bins will be emptied, and desks in both classrooms and offices will be sprayed using disinfectant spray throughout the day. Handles will be wiped regularly.</p> <p>The site manager will inform the cleaning team at the start of the relevant shift of any known potential contamination from someone recently tested positive for Covid19 or where someone displaying symptoms and sent home to self-isolate while they await a test.</p> <p>These areas will require a deep clean and more stringent treatment of items used during the cleaning process.</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
Clinically vulnerable or extremely clinically vulnerable persons returning to school	Serious respiratory illness, death	Clinically vulnerable & extremely clinically vulnerable staff and pupils	High	<p><b>Pupils who are shielding or self-isolating</b></p> <p>There will be far fewer children advised to shield and majority of pupils will be able to return to school. However:</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> A small number of pupils will still be unable to attend in line with public health advice as they are self-isolating and have had symptoms or a positive test result themselves; or because they are a close contact of someone who has coronavirus (COVID-19);</li> <li><input type="checkbox"/> In the future, the government will only reintroduce formal shielding advice in the very worst affected local areas and for a limited period of time. This will only apply to some, but not all, the very highest alert level areas, and will be based on advice from the Chief Medical Officer. The government will write to families separately to inform them if they are advised to shield and not attend an education setting;</li> <li><input type="checkbox"/> Some pupils no longer required to shield but who generally remain under the care of a specialist health professional may need to discuss their care with their health professional before returning to school in September (usually at their next planned clinical appointment).</li> <li><input type="checkbox"/> Where a pupil is unable to attend school because they are complying with clinical and/or public health advice, we will be able to <b>immediately</b> offer them access to remote education and we will monitor engagement with this activity.</li> </ul> <p><b>Immunisation</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> As normal, we will engage with our local immunisation providers to provide immunisation programmes on site, ensuring these will be delivered in keeping with the school's control measures.</li> </ul> <p><b>School workforce</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Shielding measures were paused from 01/08/20, with the exception of areas where local lockdown means that shielding will continue. It is therefore appropriate for teachers and other school staff to return to school and we expect that staff who need to will attend school.</li> <li><input type="checkbox"/> Employers have now been given more discretion about where staff work. Most school-based roles are not ideally suited to home working and schools may expect most staff to return to work in settings. Some roles, such as some administrative roles,</li> </ul>	<p>Shielding advice for all adults and children will pause on 01/08/20, subject to a continued decline in the rates of community transmission of coronavirus (COVID-19). This means that even the small number of pupils who will remain on the shielded patient list can also return to school, as can those who have family members who are shielding. Refer to <a href="#">RCPC COVID-19 - 'shielding' guidance for children and young people</a></p> <p>More advice is available from the Royal College of Paediatrics and Child Health</p> <p>Where children do not attend school as parents are following clinical &amp;/or public health advice (self-isolating, quarantine or the clinically extremely vulnerable during a future local lockdown), absence will not be penalised (record as Code 'X') – see <a href="#">Recording attendance in relation to Covid-19</a>.</p> <p>Refer to <a href="#">current advice on shielding</a>. Where necessary, we will provide equipment for people to work at home safely and effectively, e.g. remote access to work systems</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p>may be conducive to home working, and school leaders will consider what is feasible and appropriate.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> We will explain to staff the measures the school is putting in place to reduce risks. We anticipate adherence to the measures in this Risk Assessment will provide the necessary reassurance for staff to return to schools.</li> <li><input type="checkbox"/> We will discuss any concerns individuals including those who may be clinically vulnerable, clinically extremely vulnerable or at increased comparative risk from coronavirus, may have around their particular circumstances, reassure staff about the protective measures in place <b>and carry out a specific Individual Risk Assessment with them.</b></li> </ul> <p><b>Staff who are extremely clinically vulnerable</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> On 13/10/20, <a href="#">new guidance</a> on protecting the clinically extremely vulnerable was published. This is less restrictive than previous shielding guidance and includes advice at each local COVID alert level. The guidance also contains shielding advice that will now only apply in the worst affected areas and for a limited period of time.</li> <li><input type="checkbox"/> If an area is at local COVID alert level medium, high or very high, and clinically extremely vulnerable staff are unable to work from home, they should still attend the setting as the workplace should be COVID secure, where the system of controls outlined in <a href="#">Full Opening: Schools</a> and this Risk Assessment is implemented.</li> <li><input type="checkbox"/> In all respects, the clinically extremely vulnerable should now follow the same guidance as the clinically vulnerable population (see below), taking particular care to practise frequent, thorough hand washing, and cleaning of frequently touched areas in their home and/or workspace.</li> <li><input type="checkbox"/> People who live with those who are clinically extremely vulnerable can attend the workplace unless advised otherwise by an individual letter from the NHS or a specialist doctor.</li> <li><input type="checkbox"/> The government may advise more restrictive formal shielding measures for the clinically extremely vulnerable, in the <b>very highest alert areas</b>, based on advice from the Chief Medical Officer. In this situation, the government will write to individuals to inform them if they are advised to follow formal shielding and not attend the workplace.</li> </ul> <p><b>Staff who are clinically vulnerable</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Clinically vulnerable staff can return to school in September. While in school they should follow the specific measures in this Risk Assessment to minimise the risks of transmission.</li> </ul>	<p>Refer to template <a href="#">Risk Assessment for staff and students previously shielding or BAME</a> on the KAHSC website</p> <p>Staff are to report any concerns in relation to health and wellbeing so that these can be discussed and support provided as relevant. The school will continue to follow its normal process in relation to managing work related stress and ill health procedures.</p> <p>Staff well-being will be monitored weekly by the H&amp;S team.</p> <p>Refer to <a href="#">COVID-19: review of disparities in risks and outcomes report</a> and <a href="#">Schools and COVID-19: guidance for Black, Asian and minority ethnic (BAME) staff and their employers in school settings</a></p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<ul style="list-style-type: none"> <li><input type="checkbox"/> This includes taking particular care to observe good hand and respiratory hygiene, minimising contact and maintaining social distancing. This provides that ideally, adults should maintain 2m distance from others, and where this is not possible avoid close face to face contact and minimise time spent within 1 metre of others. While the risk of transmission between young children and adults is likely to be low, adults should continue to take care to socially distance from other adults including older children/adolescents.</li> <li><input type="checkbox"/> People who live with those who are clinically vulnerable can attend school unless advised otherwise by an individual letter from the NHS or a specialist doctor.</li> </ul> <p><b>Staff who are pregnant</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Pregnant women are in the ‘clinically vulnerable’ category, and are advised to follow the above advice, which applies to all staff in schools.</li> <li><input type="checkbox"/> We will conduct a risk assessment for new and expectant mothers in line with the Management of Health and Safety at Work Regulations 1999 (MHSW). Any new risks identified as a result of Covid-19 must be included and managed as part of the general workplace risk assessment.</li> <li><input type="checkbox"/> The <a href="#">Royal College of Obstetrics and Gynaecology (RCOG)</a> guidance includes advice for women from 28 weeks gestation or with underlying health conditions who may be at greater risk. We will follow this advice and continue to monitor for future updates to it.</li> <li><input type="checkbox"/> All pregnant women will be advised take particular care to practise frequent, thorough hand washing, and cleaning of frequently touched areas in their home or workspace.</li> </ul> <p><b>Staff who are pregnant</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Pregnant women are in the ‘clinically vulnerable’ category, and are advised to follow the above advice, which applies to all staff in schools.</li> <li><input type="checkbox"/> We will conduct a risk assessment for new and expectant mothers in line with the Management of Health and Safety at Work Regulations 1999 (MHSW).</li> <li><input type="checkbox"/> The <a href="#">Royal College of Obstetrics and Gynaecology (RCOG)</a> guidance includes advice for women from 28 weeks gestation or with underlying health conditions who may be at greater risk. 				<p>Those with particular characteristics such as those from the Black, Asian, Ethnic Minority community (BAME) who may be at comparatively increased risk from coronavirus (COVID-19) can return to school in September as long as the system of controls set out in <a href="#">Full Re-Opening: Schools</a> and this Risk Assessment are in place.</p> <p>People who live with those who have comparatively increased risk from coronavirus (COVID-19) can attend school.</p>		
Inadequate hand and respiratory hygiene leading to spread of Covid-19 virus	Infection spread leading to serious respiratory illness, death	All building users, visitors/ parents, contractors/ maintenance personnel	High	<ul style="list-style-type: none"> <li><input type="checkbox"/> Everyone will be reminded to wash their hands before leaving home, on arrival at school, on return from breaks, when they change rooms and before and after handling cleaning chemicals, eating/drinking, using the toilet, sports activities, using public transport and after coughing or sneezing and not to touch face (eyes, mouth, nose) with hands that are not clean.</li> <li><input type="checkbox"/> Wash with liquid soap &amp; water for a minimum of 20 seconds (see hand wash guidance). Alcohol based hand cleansers/gels (containing at least 60% alcohol) can be used if soap and water are not available or practical. We will ensure there are sufficient hand washing or hand sanitiser 'stations' available throughout school for staff and pupils and at the main entrance and dining hall entrance.</li> <li><input type="checkbox"/> We will ensure supervision of hand sanitiser use given the risks around ingestion. Small children and pupils with complex needs will continue to be helped to clean their hands properly. Skin friendly skin cleaning wipes can be used as an alternative.</li> <li><input type="checkbox"/> Hands must be dried properly to prevent infection and drying out. Pat dry rather than rub to avoid discomfort.</li> <li><input type="checkbox"/> Ensure suitable hand washing facilities are available including running water, liquid soap and paper towels or hand driers.</li>   <li><input type="checkbox"/> Where in place, toilet lids should be closed prior to flushing and remain closed after use. Where not in place, staff and pupils will be instructed to move away from the toilet as soon as it has been flushed, more frequent cleaning of the toilets and most importantly, ensuring that <b>strict hand hygiene</b> measures are observed following every visit to the toilet.</li> <li><input type="checkbox"/> Different groups do not need to be allocated their own toilet blocks, but toilets will be cleaned regularly and pupils</li> </ul>	<p>Ensure all attending understand how to wash hands correctly - Posters around the school as appropriate.</p> <p>Ensure all sinks have necessary stock &amp; restock as necessary. HSE have issued guidance on Choosing the right hand sanitisers and surface disinfectants. All classrooms, offices, work rooms, reception and pupil entrance will have hand sanitiser.</p> <p>We will build these routines into school culture, supported by behaviour expectations and help ensure younger children and those with complex needs understand the need to follow them.</p> <p>Ensure stocks of disposable paper towels are available in all toilet areas. Additional waste bins will be available and emptied throughout in toilet areas where paper towels can be disposed of safely.</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p>encouraged to clean their hands thoroughly after using the toilet.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> The 'catch it, bin it, kill it' approach will continue. Everyone will be reminded to sneeze into a tissue or sleeve NEVER into hands and to wash hands immediately after (as above). 'Catch it, bin it, kill it' posters to be displayed in relevant areas.</li> <li><input type="checkbox"/> Used tissues will be put in a bin immediately - all waste bins to be lined – preferably double-lined and will be emptied regularly</li> <li><input type="checkbox"/> As with hand cleaning, we will ensure younger children and those with complex needs are helped to get this right, and all pupils understand that this is now part of how school operates.</li> <li><input type="checkbox"/> Some pupils with complex needs will struggle to maintain as good respiratory hygiene as their peers, e.g. those who spit uncontrollably or use saliva as a sensory stimulant. This will be considered in risk assessments in order to support these pupils and the staff working with them and is not a reason to deny these pupils face to face education.</li> <li><input type="checkbox"/> Where it is necessary for first aid to be administered in close proximity, treating any casualty properly should be the first concern. Those administering it should pay particular attention to sanitation measures immediately afterwards, including washing hands.</li> </ul>	<p>We will ensure there are enough tissues and bins available in school to support pupils and staff to follow this routine</p> <p><a href="#">e-Bug</a> has produced a series of helpful posters for display in appropriate locations:</p> <ul style="list-style-type: none"> <li>- <a href="#">Horrid hands</a></li> <li>- <a href="#">Super sneezes</a></li> <li>- <a href="#">Hand hygiene</a></li> <li>- <a href="#">Respiratory hygiene</a></li> <li>- <a href="#">Microbe mania</a></li> </ul> <p>Refer to <a href="#">HSE: First aid during Covid-19</a></p>	
Inadequate personal protection & PPE & spread of Covid-19 virus	Infection spread leading to serious respiratory illness, death	All building users (particularly those staff performing personal and intimate care)	High	<p><b>PPE</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> We will review tasks in school which require PPE like first aid, cleaning, food preparation etc. and identify where we need extra equipment (like visors where splashing to the eyes is a new significant risk) or more of it (because we change it more often) and we used <a href="#">Covid-19: Personal Protective Equipment (PPE)</a> to help us decide. Where PPE is required, staff will be trained in and must scrupulously follow the guidance <a href="#">how to put PPE on and take it off safely</a> to reduce cross and self-contamination</li> <li><input type="checkbox"/> Removal, cleaning and disposal – as in the cleaning section above.</li> <li><input type="checkbox"/> Staff dealing with children with complex medical needs have an increased risk of transmission through aerosols being transferred from the child to the care giver. Staff performing tracheostomy care and other similar procedures will follow the PHE guidance <a href="#">personal protective equipment (PPE) guidance on aerosol generating procedures</a>, and wear the correct PPE which is: <ul style="list-style-type: none"> <li><input type="checkbox"/> a FFP2/3 respirator (which must be fit-tested)</li> <li><input type="checkbox"/> gloves</li> <li><input type="checkbox"/> a long-sleeved fluid repellent gown</li> <li><input type="checkbox"/> eye protection</li> </ul> </li> </ul>	<p>Ensure adequate bins and tissues are made available. Ensure school has a stock of rubber gloves and if needed, disposable gloves/aprons/face masks. All classrooms, offices and work rooms will have a PPE station which will include:</p> <p>Disposable gloves Tissues Aprons Face mask Hand sanitiser</p> <p>Signage as appropriate.</p>	Low

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<ul style="list-style-type: none"> <li><input type="checkbox"/> If non-symptomatic children present behaviours which may increase the risk of droplet transmission (such as spitting), they will continue to receive care in the same way, including any existing routine use of PPE.</li> <li><b>Face Coverings</b></li> <li><input type="checkbox"/> The Government is not recommending universal use of face coverings in all schools. Face coverings will not be necessary in the classroom even where social distancing is not possible.</li> <li><input type="checkbox"/> Schools in areas not under specific local restrictions have the discretion to require that staff, visitors and pupils in Year 7 and above wear face coverings in indoor areas outside the classroom where social distancing cannot be safely managed such as corridors and communal areas and it has been deemed appropriate in those circumstances.</li> <li><input type="checkbox"/> Where this is a rule in our school, the use of face coverings will also be extended to indoor out-of-school activities and settings (outside the classroom or activity room) including outside of the normal school day.</li> <li><input type="checkbox"/> In addition and consistent with WHO's new advice, additional precautionary measures will be taken in areas where the transmission of the virus is defined as either high or very high under the local COVID alert level framework: <a href="#">Local COVID alert levels: what you need to know</a> and <a href="#">Full list of local COVID alert levels by area</a>.</li> <li><input type="checkbox"/> When an area moves to the local COVID alert level 'high' or 'very high', face coverings should be worn by adults (staff and visitors) and pupils when moving around the premises, outside of classrooms, such as in corridors and communal areas where social distancing is difficult to maintain. As in the general approach, it will not usually be necessary to wear face coverings in the classroom, where protective measures already mean the risks are lower, and they may inhibit teaching and learning.</li> <li><input type="checkbox"/> This does not apply to younger children in primary schools and in early years settings.</li> <li><input type="checkbox"/> No-one should be excluded from education on the grounds that they are not wearing a face covering.</li> <li><input type="checkbox"/> We will have a process for removing face coverings when those who use face coverings arrive and when face coverings are worn within the setting. This process will be communicated clearly to pupils and staff and allow for adjustments to be made for those children and young people with SEND who may be distressed if required to remove a face covering against their wishes.</li> </ul>	<p>WE CURRENTLY HAVE NO CHILDREN WHO REQUIRE ASSISTANCE WITH INTIMATE CARE BUT IF THIS SITUATION CHANGES THE CONTROL MEASURES INDICATED WILL BE PUT IN PLACE IMMEDIATELY</p> <p>Refer to <a href="#">HSE Face Fit Testing Guidance</a></p> <p>Following October half term staff will be expected to wear a face mask in any communal area. This basically means wearing a mask anywhere other than in your classroom or office. Staff are obviously free to wear them at all times if they so wish. It is vital staff wear one when on duty even if that is outside the school gates.</p> <p>Pupils will be reminded to wear masks when arriving at school and will have to wear them when walking around the school. If they have removed their mask whilst sat at a desk working in a classroom, they will be reminded to wear them again before they get up from their desk to leave classrooms and must keep them on around the school unless they are sat at a table or on the MUGA. Pupils will also be expected to lease the school building wearing a mask.</p> <p>For educational visits, visit leaders must be aware of the premises where it is mandatory to wear face coverings.</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<ul style="list-style-type: none"> <li><input type="checkbox"/> In line with <a href="#">Coronavirus Covid-19 safer travel guidance for passengers</a> it is <b>mandatory</b> to wear a face covering if you need to use public transport or when attending a hospital as a visitor or outpatient. <i>Note: children aged 3 to 10 years are exempt from the mandatory requirement to wear a face covering on public transport. <b>KAHSC would, however, consider this to be best practice where the child understands how to wear a mask properly.</b></i></li> <li><input type="checkbox"/> Responsible adults or carers travelling with children on public transport must follow this guidance, wear face coverings, minimise the surfaces they touch and maintain their distance from others, where possible.</li> <li><input type="checkbox"/> Children under the age of 3 should not wear face coverings. Refer also to <b>'Measures for arriving at and leaving school'</b> and <b>'Transport'</b> below.</li> </ul>	Also mandatory to wear face coverings, of out of school, in enclosed public spaces such as indoor transport hubs, taxis & private hire vehicles, shops, banks, takeaways, premises providing hospitality (bars, pubs, restaurants, cafes), except when seated at a table to eat or drink, places of worship, cinemas, theatres, galleries, concert halls, aquariums/indoor zoos/visitor farms, other indoor tourist, heritage or cultural sites, public areas in hotels/hostels, libraries, youth centres, social clubs, indoor entertainment venues, adventure activities e.g. laser quest, go-karting, etc.) (list not exhaustive) ( <i>see <a href="#">exemptions</a></i> )	
Failure to adequately identify vulnerable pupils/safeguarding	Vulnerable pupils do not receive appropriate support and protection	All pupils classed as vulnerable either by DfE guidance, LA or school	High	<ul style="list-style-type: none"> <li><input type="checkbox"/> We will continue to have regard to statutory guidance <a href="#">Keeping Children Safe in Education (from September 2020)</a>.</li> <li><input type="checkbox"/> We will review/update our child protection policy (led by the DSL) to reflect the return of more pupils.</li> <li><input type="checkbox"/> We will identify all those pupils whom we believe to be vulnerable in addition to those classed as vulnerable under current DfE guidance. This will include pupils on the edge of receiving support from children's social care, adopted children, those at risk of becoming NEET, those living in temporary accommodation and those who are young carers.</li> <li><input type="checkbox"/> We will take the opportunity to contact all parents to confirm correct emergency numbers and ask for additional emergency contacts where these are available.</li> <li><input type="checkbox"/> The DSL (and deputies) will prioritise more time with more time, especially in the first few weeks of term, to help provide support to staff and pupils regarding any new safeguarding and welfare concerns and the handling of referrals to children's social care and other agencies where these are appropriate, and agencies and services should prepare to work together to actively look for signs of harm.</li> </ul>	Refer to the <a href="#">coronavirus (COVID-19): safeguarding in schools, colleges and other providers guidance</a> . Refer to the model <a href="#">'Covid-19 Addendum to the Child Protection Policy'</a> on the KAHSC website.	Low

				<input type="checkbox"/> Designated safeguarding leads will be best placed to co-ordinate multi-agency working within a school, including communication with school nurses. <input type="checkbox"/> Communication with school nurses is important for safeguarding and supporting wellbeing, as they have continued virtual support to pupils who have not been in school.		
Inappropriate arrangements for opening the school to pupil groups	Infection spread leading to serious respiratory illness, death	All building users	High	<p><b>Minimise contact between individuals and maintain social distancing wherever possible</b></p> <input type="checkbox"/> Reduce the number of contacts between pupils and staff. <input type="checkbox"/> Maintain distinct groups or 'bubbles' that do not mix with other bubbles. <input type="checkbox"/> Pupils will be supported to maintain distance and not touch staff where possible. <input type="checkbox"/> In secondary schools, and certainly in the older age groups at KS 4 and 5, groups will be in the size of a year group to enable schools to deliver the full range of curriculum subjects and students to receive specialist teaching. <input type="checkbox"/> All Pupils will be encouraged to keep their distance within year bubbles. <input type="checkbox"/> We will keep pupils in their tutor groups but will also need to allow mixing into wider groups to allow wider groups for specialist teaching. <input type="checkbox"/> All teachers and other staff can operate across different classes and year groups in order to facilitate the delivery of the school timetable. Where staff need to move between classes and year groups, they should try and keep their distance from pupils and other staff as much as they can, ideally 2m from other adults. <input type="checkbox"/> We will look to maximise the use of our site and any associated available space.	<p>Individuals displaying symptoms of COVID-19 should follow the government guidance <a href="#">COVID-19: guidance for households with possible coronavirus infection</a></p> <p>Provide ongoing health and safety information not only to staff through induction, training and regular updates/reminders but also for children and young people and parents/carers where applicable. Schools should consider providing virtual tours for prospective parents and carers wishing to visit the setting for September admissions. Induction checklist or code of conduct to be updated in line with COVID-19 risk assessment and information for parents displayed on the school website. The <a href="#">GOV.UK: Staying Covid-19 Secure Poster</a> to be displayed. Consideration must be given to ensuring our plans are communicated to those parents who have English as an additional language and parents of vulnerable children including young carers.</p> <p>Parents will be reminded of the complaints Policy which currently sets out how low level concerns will be resolved.</p>	Low/ Medium
				<p><b>Measures within the classroom</b></p> <input type="checkbox"/> Staff must maintain distance from pupils, staying at the front of the class, and away from colleagues where possible. Ideally, adults should maintain 2m distance from each other, and from pupils, although this will not always be possible with younger children. <input type="checkbox"/> Avoid close face to face contact and minimise time spent within 1m of anyone. This will not be possible when working with		

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p>pupils who have complex needs or who need close contact care. These pupils' educational and care support should be provided as normal.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Pupils will be supported to maintain distance and not touch staff and their peers where possible. This will may not be possible for some children with complex needs.</li> <li><input type="checkbox"/> We will endeavour to make small adaptations to the classroom to support distancing where possible e.g. seating pupils side by side and facing forwards, rather than face to face or side on, and moving unnecessary furniture out of classrooms to make more space.</li> <li><input type="checkbox"/> Spaces used will be well ventilated using natural ventilation where possible. Maximise ventilation by opening windows and propping open doors (bearing in mind safeguarding in particular).</li> <li><input type="checkbox"/> Doors may be held open to avoid them being touched by those coming and going from the classroom. This will also aid ventilation. This is only permitted where the room is occupied and doors must be closed once the group has left the room. At the end of the day, all doors to all rooms must be closed for fire purposes.</li> <li><input type="checkbox"/> Pupils and staff will be asked to bring in their own water bottles. Water drinking stations and water fountains will be temporarily taken out of use unless it can be guaranteed that the drinking station will be appropriately sanitised between each cohort use. Staff may fill their bottles from the staff room tap or from the water cooler available at reception or in the meeting room (observing social distancing) and must clean areas touched after each use.</li> <li><input type="checkbox"/> We will ensure all items that are laundered within the school, e.g. towels, PE kit are washed in line with guidance on <a href="#">Cleaning in non-healthcare settings outside the home</a> and that these items are not shared by children between washes.</li> <li><input type="checkbox"/> Dressing up clothing and other fabric items can be used if used intermittently – every 3 days – to reduce the risk of cross contamination or reserved for one class/group.</li> <li><input type="checkbox"/> Where possible (weather permitting) pupils will make use of outdoor spaces</li> </ul>	<p>Water fountains for pupil use will be temporarily taken out of use.</p>

				<p>schools are advised to temporarily close (local lockdown). This must enable us to:</p> <ul style="list-style-type: none"> <li>- use a curriculum sequence that allows access to high-quality online and offline resources and teaching videos, and that is linked to the school’s curriculum expectations;</li> <li>- give access to high quality remote education resources;</li> <li>- select the online tools that will be consistently used across the school in order to allow interaction, assessment and feedback, and make sure staff are trained in their use;</li> <li>- provide printed resources, such as textbooks and workbooks, for pupils who do not have suitable online access;</li> <li>- recognise that younger pupils and some pupils with SEND may not be able to access remote education without adult support, and so schools should work with families to deliver a broad and ambitious curriculum.</li> </ul> <p><input type="checkbox"/> When teaching pupils remotely, we will:</p> <ul style="list-style-type: none"> <li>- set assignments so that pupils have meaningful and ambitious work each day in a number of different subjects;</li> <li>- teach a planned and well-sequenced curriculum so that knowledge and skills are built incrementally, with a good level of clarity about what is intended to be taught and practised in each subject;</li> <li>- provide frequent, clear explanations of new content, delivered by a teacher in the school or through high quality curriculum resources and/or videos;</li> <li>- gauge how well pupils are progressing through the curriculum, using questions and other suitable tasks and set a clear expectation on how regularly teachers will check work;</li> <li>- enable teachers to adjust the pace or difficulty of what is being taught in response to questions or assessments, including, where necessary, revising material or simplifying explanations to ensure pupils’ understanding;</li> <li>- plan a programme that is of equivalent length to the core teaching pupils would receive in school, ideally including daily contact with teachers.</li> </ul>	<p>Refer to <a href="#">Remote education during Coronavirus (Covid-19)</a>, <a href="#">Resources to support schools in delivering remote education</a>, <a href="#">Get help with technology for remote education during coronavirus (Covid-19)</a> and <a href="#">Get laptops and tablets for children who cannot attend school due to coronavirus (COVID-19)</a></p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<input type="checkbox"/> We will consider the above in <input type="checkbox"/> relation to the pupils' age, stage of development and/or special educational needs, e.g. where this would place significant demands on parent's help or support. We will avoid an over-reliance on long-term projects or internet research activities.		
Poor or inappropriate behaviour and attendance	Infection spread leading to serious respiratory illness, death	All building users	High	<b>Behaviour</b> <input type="checkbox"/> Our Behaviour policy will be updated with any new rules/policies and will be communicated clearly and consistently to staff, pupils and parents, setting clear, reasonable and proportionate expectations of pupil behaviour. We will set out clearly at the earliest opportunity the consequences for poor behaviour and deliberately breaking the rules and how we will enforce those rules including any sanctions. <input type="checkbox"/> We will work with staff, pupils and parents to ensure that behaviour expectations are clearly understood, and consistently supported, taking account of individual needs and we will also consider how to build new expectations into our rewards system. <input type="checkbox"/> It is likely that adverse experiences and/or lack of routines of regular attendance and classroom discipline may contribute to disengagement with education upon return to school, resulting in increased incidence of poor behaviour. We will work with those pupils who may struggle to reengage in school and are at risk of being absent and/or persistently disruptive, including providing support for overcoming barriers to attendance and behaviour and to help them reintegrate back into school life. <input type="checkbox"/> Some pupils will return to school having been exposed to a range of adversity and trauma including bereavement, anxiety and in some cases increased welfare and safeguarding risks. This may lead to an increase in social, emotional and mental health concerns and some children, particularly vulnerable groups such as children with a social worker, previously looked-after children who left care through adoption or special guardianship and young carers, will need additional support and access to services such as educational psychologists, social workers, and counsellors. Additionally, provision for children who have SEND may have been disrupted during partial school closure and there may be an impact on their behaviour. We will work with local services (such as health and the LA) to ensure the services and support are in place for a smooth return to schools for pupils. <input type="checkbox"/> The disciplinary powers that schools currently have, including exclusion, remain in place. Permanent exclusion will only be used as a last resort and must be lawful, reasonable and fair.	Refer to model ' <a href="#">Covid-19 Addendum to the School Behaviour Policy</a> ', ' <a href="#">Covid-19 Addendum to the Exclusion Policy</a> ' and ' <a href="#">Covid-19 Addendum to the Staff Code of Conduct</a> ' on the KAHSC website  Refer also to the DfE <a href="#">Checklist for school leaders to support full opening</a>  SLT will be there for on calls for back up if required. If any child does not follow the Covid19 behaviour and hygiene rules they will not be allowed to remain in school. The safety of staff and other pupils is paramount and any disrespectful action of a child that consequently puts another person in danger will NOT be tolerated in any form.	Medium

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<input type="checkbox"/> Where a child with a social worker is at risk of exclusion, their social worker will be informed and involved in relevant conversations. <input type="checkbox"/> We will, as far as possible, avoid permanently excluding any pupil with an education, health and care (EHC) plan, or a looked-after child. Where a previously looked-after child is at risk of exclusion, the designated teacher should contact the relevant authority's virtual school head as soon as possible to help the school decide how to help the child and avoid exclusion becoming necessary. <input type="checkbox"/> Pre-empting that a pupil may commit a disciplinary offence, and thus not allowing a pupil to attend school, is an unlawful exclusion. <input type="checkbox"/> Any disciplinary exclusion of a pupil, even for short periods of time, must be consistent with the relevant legislation. This includes sending a pupil home for poor behaviour, whether or not remote education is provided. 'Informal' or 'unofficial' exclusions, such as sending pupils home 'to cool off' for part of the day are unlawful, regardless of whether they occur with the agreement of parents or carers. <input type="checkbox"/> We will be mindful that it is unlawful to punish a child for the actions of their parents and will consider this when applying sanctions.  <b>Attendance</b> <input type="checkbox"/> We have arrangements in place to support attendance and engagement which consider what additional support children and young people need to make a successful return to their full time education. <input type="checkbox"/> School attendance will be <b>mandatory</b> again from the beginning of the autumn term. From that point, the usual rules on school attendance will apply, including: <ul style="list-style-type: none"> <li>- parents' duty to secure that their child attends regularly at school where the child is a registered pupil at school and they are of compulsory school age;</li> <li>- schools' responsibilities to record attendance and follow up absence;</li> <li>- the availability to issue sanctions, including fixed penalty notices in line with the LA code of conduct.</li> </ul>	Refer to <a href="#">Improving school attendance: support for schools and local authorities</a>	
Inadequate arrangements in place for managing off-site visits	Infection spread leading to serious respiratory illness, death	Staff and pupils on school trips	High	<input type="checkbox"/> The Government continues to advise against domestic (UK) overnight and overseas educational visits at this stage see <a href="#">coronavirus: travel guidance for educational settings</a> . <input type="checkbox"/> In the autumn term, we can resume non-overnight domestic educational visits including any trips for pupils with SEND connected with their preparation for adulthood (e.g. workplace visits, travel training etc.). This will be done in line with protective measures, such as keeping children within their	Refer to <a href="#">health and safety guidance on educational visits</a> when considering visits.  As normal, we will undertake full and thorough risk assessments in relation to all educational visits to ensure they can be done safely. As part of this risk	Low

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p>consistent group, and the coronavirus (COVID-19) secure measures in place at the destination.</p> <p>We must check whether additional restrictions apply in our area or the area we plan to visit – see <a href="#">Local COVID alert levels: what you need to know</a>. Where school is in an area that has a ‘very high’ alert level, we will not travel outside this area for the purpose of an educational visit. We should also not travel into an area with a ‘very high’ alert level for the purpose of educational visits.</p>	<p>assessment, we will consider what control measures need to be used and ensure we are aware of wider advice on visiting indoor and outdoor venues.</p>	
Inadequate staffing ratios, staff availability and recruitment	Inadequate supervision of children, access to DSLs and inadequate statutory first aid or medical provision	Staff and pupils		<p><b>Ratios and Qualifications</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> We have contingency plans in place should staff be absent as a result of COVID-19. Our possible approaches to managing a shortfall in staffing include:</li> <li><input type="checkbox"/> We will ensure that appropriate support is made available for pupils with SEND, e.g. by deploying teaching assistants and enabling specialist staff from both within and outside the school to work with pupils in different classes or year groups.</li> <li><input type="checkbox"/> Where support staff capacity is available, we will consider using this to support catch-up provision or targeted interventions. TAs may also be deployed to lead groups or cover lessons, under the direction and supervision of a qualified, or nominated, teacher. Any redeployments will not be at the expense of supporting pupils with SEND. The Head teacher will be satisfied that the person has the appropriate skills, expertise and experience to carry out the work, and discuss and agree any proposed changes in role or responsibility with the member of staff. This includes ensuring that safe ratios are met, and/or specific training undertaken, for any interventions or care for pupils with complex needs where specific training or specific ratios are required.</li> <li><input type="checkbox"/> We can continue to engage supply teachers and other supply staff during this period.</li> <li><input type="checkbox"/> Supply staff and other temporary workers can move between schools, but we will minimise the number of visitors to the school where possible. Where it is necessary to use supply</li> </ul>	<p>Refer to <a href="#">making the best use of teaching assistants</a>.</p>	Medium

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p>staff and peripatetic teachers, they will be expected to comply with our arrangements for managing and minimising risk, including taking particular care to maintain distance from other staff and pupils.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> We will consider hosting ITT trainees.</li> <li><input type="checkbox"/> Volunteers may be used to support the work of the school - they will be properly supported and given appropriate roles.</li> <li><input type="checkbox"/> Mixing of volunteers across groups should be kept to a minimum, and they should remain 2m from pupils and staff where possible.</li> </ul> <ul style="list-style-type: none"> <li><input type="checkbox"/> Key telephone numbers of all available DSL's/deputies to be displayed in school.</li> <li><input type="checkbox"/> Ensure the contact details of the <a href="#">Safeguarding Hub/Early Help Team/LADO</a> are available to all staff on duty.</li> <li><input type="checkbox"/> Ensure sufficient competent staff on duty to administer or supervise the administration of medication. Wherever possible, pupils to self-administer, witnessed by staff. Where not possible (age, SEND etc.) social distancing cannot be maintained – think about how this can be done safely – PPE, vigilant personal hygiene etc.</li> </ul> <p><b>Staff taking leave (those returning from abroad)</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Staff (or pupils) returning from holidays/work abroad must follow current Government guidance and quarantine for 14 days on their return from <b>certain countries</b>.</li> <li><input type="checkbox"/> As would usually be the case, most staff will need to be available to work in school during term time. There is a risk that where staff have travelled abroad, their return travel arrangements could be disrupted due to factors arising beyond their control in relation to Covid-19, such as the potential for reinstatement of lockdown measures in the place they are visiting.</li> <li><input type="checkbox"/> Where it is not possible to avoid a member of staff having to quarantine during term time, we will consider if it is possible to temporarily amend working arrangements to enable them to work from home.</li> </ul>	<p>Refer to <a href="#">COVID-19 Guidance for Supply Agencies, Head teachers and Supply Staff</a></p> <p>Where it is not possible to have a DSL or Deputy physically in school, arrangements may be made for the DSL to be contactable via phone or video link if they are working from home. Alternatively, arrangements may be made with an alternative school to use the expertise of their DSL. Further advice can be found in <a href="#">‘Safeguarding in schools’</a></p> <p>PPE to be worn.</p> <p>The latest guidance on quarantine can be accessed at <a href="#">coronavirus (COVID-19): how to self-isolate when you travel to the UK</a> and <a href="#">Travel Corridors</a></p> <p><b>[Cumbrian Schools]:</b> We will make all staff aware that the LA have confirmed that if staff take holidays abroad which then mean they have to quarantine on their</p>

				<p><b>Recruitment</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Recruitment will continue as usual – staff, volunteers, supply teachers, other temporary or peripatetic teachers and ITT trainees.</li> <li><input type="checkbox"/> We will continue to adhere to the legal requirements regarding pre-appointment checks (Keeping Children Safe in Education).</li> <li><input type="checkbox"/> As DfE guidance advises limiting the number of visitors, it may be appropriate to consider a flexible approach to interviews, with alternative options to face-to-face interviews offered where possible.</li> <li><input type="checkbox"/> Where face-to-face meetings are arranged, we will make clear to candidates that they must adhere to the system of controls that we have in place. We will also have the discretion to require face coverings for visitors where social distancing cannot be managed safely.</li> </ul>	<p>return (and this is not within school holiday periods), then this should be treated as unpaid leave. This is irrespective of whether quarantine arrangements were in place for a particular country at the time of their departure.</p> <p>Interviewing remotely may be a new experience for many schools. Refer to <a href="#">Recruiting during lockdown? How we did it</a> and <a href="#">Attending your first remote interview</a></p> <p>Refer to <a href="#">experience of implementing interviews remotely</a> and <a href="#">how to prepare for remote interviews</a></p>	
Visiting children in their own homes and contact with COVID-19 virus	Infection spread leading to serious respiratory illness, death	Staff	High	<ul style="list-style-type: none"> <li><input type="checkbox"/> Should we have a situation where a child requires a home visit particularly in relation to safeguarding concerns, we will consider and adhere to guidance issued in the Government document <a href="#">Safe working in education, childcare and children’s social care settings, including the use of PPE.</a></li> </ul>	Refer to model <a href="#">Covid-19 Home Visits Risk Assessment</a> on the KAHSC website	Medium /Low
Visitors & spread of Covid-19 virus	Infection spread leading to serious respiratory illness, death	All building users, visitors/ parents, contractors/ maintenance personnel	High	<p><b>ALL Visitors</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Visitors to the premises will be discouraged and meetings held remotely where possible. Visitors will be by appointment only.</li> <li><input type="checkbox"/> A record must be kept of all visitors/contractors with sufficient detail to support rapid contact tracing if required by NHS Test and Trace . Create a signing in sheet – with date, times, name, company (where relevant), contact Tel No., where in the building they are going to be for the majority of the time and who they are meeting with (see <a href="#">Model Visitors Form</a> on the KAHSC website). Do not leave a pen available – they should use their own. If a touch screen is used, anti-viral wipes must be available along with a bin for disposal.</li> <li><input type="checkbox"/> Site guidance on physical distancing and hygiene should be documented &amp; explained to visitors/contractors on or before arrival - make it clear via a notice on the inner door that all visitors must wash their hands as soon as they enter the building or sanitise their hands. Ensure that any keypads or electronic entry systems are regularly sanitised throughout the day (as above).</li> </ul>	<p>During national/local restrictions, or when advised by the local Public Health team (e.g. when there is a spike in infections in a particular area) restrictions will be put in place on non-essential visitors to school. Refer to and <a href="#">Local COVID alert levels: what you need to know</a>. It is at the discretion of the Head teacher to determine what is and isn’t non-essential visiting for their setting. The following are <u>specifically</u> deemed ‘essential’:</p> <ul style="list-style-type: none"> <li>• Visits for safeguarding purposes;</li> <li>• Visits by immunisation teams to carry out flu vaccines;</li> <li>• Essential maintenance work.</li> </ul>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p><input type="checkbox"/> Where possible, limit the areas that visitors/contractors can go in the building and reduce the number of people they come into contact with.</p> <p><b>External education professionals</b></p> <p><input type="checkbox"/> In instances where we need to use other essential professionals such as social workers, speech and language therapists or counsellors, or professionals to support delivery of a child’s EHC plan, we will assess whether the professionals need to attend in person or can do so virtually. If they need to attend in person, they should closely follow the protective measures in school, wash hands frequently, keep the number of attendances to a minimum, where possible to do so, maintain social distancing.</p> <p><input type="checkbox"/> Sessions run by external providers which are not directly required for children’s health, safety and wellbeing, should be suspended. Guidance on visits from music, dance and drama peripatetic teachers</p> <p><input type="checkbox"/> The presence of any additional members of staff will be agreed on a weekly basis, rather than a daily basis, to limit contacts, where possible.</p> <p><b>Other Visitors</b></p> <p><input type="checkbox"/> We will consider how to manage other visitors to the site, including contractors, and ensure that the risks associated with managing contractors, visitors, catering staff and deliveries, as well as cleaning staff on site who may be working throughout the school and across different groups, are addressed. This will require close cooperation between both school and the other relevant employers. We will have discussions with key contractors about the school’s control measures and ways of working as part of planning for the autumn term.</p> <p><input type="checkbox"/> Access to contractors/external maintenance personnel should be by appointment only and wherever possible, arranged after school, holidays or weekends to reduce contact with others and appropriate hygiene and social distancing arrangements are followed (including in an emergency situation where access is required urgently to undertake maintenance/repair).</p> <p><b>Parents/Carers</b></p> <p style="text-align: center;"><b>New Admissions</b></p> <p><input type="checkbox"/> For new admissions, we will consider providing virtual tours for prospective parents and carers.</p> <p><input type="checkbox"/> If parents and carers are keen to visit in person, we will consider:</p> <ul style="list-style-type: none"> <li>- ensuring face coverings are worn if required in line with arrangements for staff and other visitors to the setting;</li> </ul>	<p>Schools contractor and visitor leaflet updated to include Covid-19 safety information.</p> <p>Undertake effective liaison with contractors <b>BEFORE</b> they attend site – ask contractors to provide key information in relation to how they are managing infection control (risk assessments) and any control measures we have in place which we expect them to follow will be shared with them either in advance or on immediate arrival. Contractors should be working to <a href="#">Construction Leadership Council - Site-Operating-Procedures</a></p> <p>Refer to <a href="#">Maintaining records to support NHS Test &amp; Trace</a></p> <p>Mobile/ land line, email address, full postal address, name and partner from same household plus child name</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<ul style="list-style-type: none"> <li>- there is regular handwashing, especially before and after the visit;</li> <li>- holding visits after hours. If this is not possible, consider limiting visits to the outside play areas during regular hours, and ensure strict social distancing is observed.</li> </ul> <p><input type="checkbox"/> Prior to a visit, we will ensure that parents and carers are aware:</p> <ul style="list-style-type: none"> <li>- of our 'system of controls';</li> <li>- how this impacts them and their responsibilities during their visit;</li> <li>- how to maintain social distancing from staff, other visitors, and children other than those in their care.</li> </ul> <p><input type="checkbox"/> The new <a href="#">NHS Test and Trace App</a> has a check-in feature which enables a venue to register for an official NHS QR code and allows users to 'check-in' to participating venues on their app by scanning that code. However, Schools are <b>NOT</b> expected to create NHS QR code posters for their normal day to day operations.</p> <p><input type="checkbox"/> NHS QR posters will be considered in the following circumstances:</p> <ul style="list-style-type: none"> <li>- schools that host an event with external guests on the premises, such as a nativity or student art show –depending on the registration arrangements in place, NHS QR check-in would be for people visiting rather than students and staff in these contexts;</li> <li>- if the premises are let out during evenings, weekends or holidays to external providers;</li> </ul> <p>if a setting thinks that use of NHS QR codes and the app is more effective than their existing process for recording external visitors and providing those visitors' details to NHS Test and Trace in the event of a positive case at the setting.</p>	<p>and any siblings and school they attend.</p> <p>Note of the member of staff doing tour and the parent/carer arriving to school site.</p> <p>If another tour arrives before arrival time they are to wait outside until their appointment time and reception is cleared.</p> <p>Hand sanitiser is to be used on arrival in reception and they are asked to wear a face covering unless they have a letter of exemption.</p> <p>At end of tour, member of staff sees them off the premises.</p> <p>When booking the appointment, parent/carers are informed that if they develop any COVID-19 symptoms they are to contact school right away and the appointment will be cancelled and rearranged (after 14 days).</p> <p>Refer also to 'NHS Test &amp; Trace App' on Page 4.</p> <p>If needed, schools can create <a href="#">NHS QR code posters online for free</a></p>	
Lack of wellbeing management for pupils	Mental ill health	All pupils	High	<p><input type="checkbox"/> School staff will need to consider how to support:</p> <ul style="list-style-type: none"> <li>- pupils who were previously shielding but have been informed that this is no longer routinely advised except in exceptional circumstances for short periods of time;</li> <li>- those living with someone who is clinically vulnerable or extremely clinically vulnerable;</li> </ul>	<p>Refer to <a href="#">extra mental health support for pupils and teachers</a> and <a href="#">Wellbeing for education return programme</a></p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<ul style="list-style-type: none"> <li>- individual children who have found the long period at home hard to manage;</li> <li>- those who have developed anxieties related to the virus;</li> <li>- those about whom there are safeguarding concerns;</li> <li>- those who may make safeguarding disclosures once they are back in schools;</li> <li>- those concerned about possible increased risks from COVID-19, including those from Black, Asian and Minority Ethnic (BAME) backgrounds or those with certain health conditions such as obesity and diabetes;</li> <li>- those who have experienced bereavements in their immediate family or wider circle of friends or family or had increased/new caring responsibilities.</li> </ul> <p><input type="checkbox"/> We consider the provision of pastoral and extra-curricular activities to all pupils designed to:</p> <ul style="list-style-type: none"> <li>- support the rebuilding of friendships and social engagement;</li> <li>- address and equip pupils to respond to issues linked to coronavirus (COVID-19);</li> <li>- support pupils with approaches to improving their physical and mental wellbeing.</li> </ul> <p><input type="checkbox"/> We will also provide more focused pastoral support where issues are identified that individual pupils may need help with, drawing on external support where necessary and possible.</p> <p><input type="checkbox"/> We will also consider support needs of particular groups they are already aware need additional help (e.g. children in need), and any groups they identify as newly vulnerable on their return to school. To support this, teachers may wish to access the free MindEdlearning platform for professionals, which includes a <a href="#">coronavirus (COVID-19) staff resilience hub</a> with materials on peer support, stress, fear and trauma and bereavement.</p> <p><input type="checkbox"/> We will consider how we are working with school nursing services to support the health and wellbeing of our pupils; school nursing services have continued to offer support as pupils return to school – school nurses as leaders of the <a href="#">healthy child programme</a> can offer a range of support including:</p>	<p>Refer to <a href="#">BAMEed Network guidance</a> and template <a href="#">Risk Assessment for staff and students previously shielding or BAME</a> on the KAHSC website for assistance in completing an individual risk assessment before affected pupils return to school.</p> <p>Refer to <a href="#">MindEd learning platform for professionals</a>, which contains materials on peer support, stress, fear and trauma, and bereavement and the <a href="#">MindEd coronavirus (COVID-19) staff resilience hub</a> which provides advice and tips for frontline staff.</p> <p>Refer to <a href="#">BAMEed Network guidance</a> for assistance in completing an individual risk assessment before affected pupils return to school.</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<ul style="list-style-type: none"> <li>- support for resilience, mental health and wellbeing including anxiety, bereavement and sleep issues;</li> <li>- support for pupils with additional and complex health needs;</li> <li>- supporting vulnerable children and keeping children safe.</li> </ul> <p><input type="checkbox"/> We will work together with school nurses to ensure delivery of the healthy child programme (which includes immunisation), identifying health and wellbeing needs which will underpin priorities for service delivery.</p> <p><input type="checkbox"/> Staff will need to strike an appropriate balance between reintegrating pupils into a reassuring and familiar work ethic to support their mental wellbeing on the one hand and identifying and taking time to address explicitly individual concerns or problems on the other.</p> <p><input type="checkbox"/> If parents of pupils with significant risk factors are concerned, we will discuss their concerns and provide reassurance of the measures we are putting in place to reduce the risk in school. We will be clear with parents that pupils of compulsory school age must be in school unless a statutory reason applies (e.g. the pupil has been granted a leave of absence, is unable to attend because of sickness, is absent for a necessary religious observance etc).</p> <p><input type="checkbox"/> If safeguarding issues come to light they will be addressed using the school's Child Protection policy, which may need to be updated in light of full re-opening. As a school we will keep a check in case there is an increase in referrals.</p>		
Lack of wellbeing management for staff	Mental ill health	All staff	High	<p><input type="checkbox"/> Governing bodies and senior leaders will be conscious of the wellbeing of all staff, including senior leaders themselves, and the need to implement flexible working practices in a way that promotes good work-life balance and supports teachers and leaders.</p> <p><input type="checkbox"/> Particular regard will be given to ensuring staff who are BAME (Black, Asian and Minority Ethnic) and those with existing health conditions (but do not fall into the category of critically vulnerable) are appropriately supported, given that they may be at increased risk of severe ill-health should they contract COVID-19.</p> <p><input type="checkbox"/> Workload will be carefully managed and the school will assess whether staff who are having to stay at home due to health</p>	<p>Refer to <a href="#">extra mental health support for pupils and teachers</a>.</p> <p>Refer to <a href="#">BAMEd Network guidance</a> for assistance in completing an individual risk assessment before affected staff return to work.</p> <p>Refer to the DfE <a href="#">workload reduction toolkit</a> and <a href="#">case studies to support remote education</a></p>	Low

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<p>conditions are able to support remote education, while others focus on face-to-face provision. This issue will be factored into our resource and curriculum planning and consideration given to where additional resource could be safely brought in if necessary.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> We may need to alter the way in which we deploy staff and use existing staff more flexibly to welcome back all pupils at the start of the autumn term. We will discuss and agree any changes to staff roles with individuals.</li> <li><input type="checkbox"/> We will monitor the wellbeing of people who are working from home, who are shielding and help them stay connected to the rest of the workforce, especially if the majority of their colleagues are on-site. We will keep in touch with off-site workers on their working arrangements including their welfare, mental and physical health and personal security.</li> <li><input type="checkbox"/> We will consider how to support the mental wellbeing of our staff who are returning after a significant period of either home working, shielding. Where work-related issues present themselves, the HSE's published stress Management Standards will be followed. We will also review how we can support employees on broader issues, such as bereavement support and general anxiety about the ongoing situation (for example by signing up for a formal Employee Assistance Programme providing confidential telephone advice and counselling).</li> </ul>	<p>Refer to template <a href="#">Risk Assessment for staff and students previously shielding or BAME</a> on the KAHSC website</p> <p><a href="#">Education Support Partnership</a> provides a free helpline for school staff and targeted support for mental health and wellbeing.</p>	
Inadequate communication with and training of staff	Staff do not understand safety procedures	All staff	High	<p><b>Returning to work</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> We will ensure all staff understand coronavirus related safety procedures.</li> <li><input type="checkbox"/> We will provide clear, consistent and regular communication to improve understanding and consistency of ways of working amongst staff.</li> <li><input type="checkbox"/> We will engage with staff through existing communication routes and staff representatives to explain and agree any changes in working arrangements.</li> <li><input type="checkbox"/> We will develop communication and training materials for staff prior to returning to site, especially around new procedures for arrival at work.</li> </ul> <p><b>Ongoing communications</b></p>		Low

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<ul style="list-style-type: none"> <li><input type="checkbox"/> We will ensure all staff are kept up to date with how safety measures are being implemented or updated.</li> <li><input type="checkbox"/> We will ensure ongoing engagement with staff, (including through trades unions or employee representative groups) to monitor and understand any unforeseen impacts of changes to working environments.</li> <li><input type="checkbox"/> We will promote awareness and focus on the importance of mental health at times of uncertainty (see above).</li> <li><input type="checkbox"/> We will use simple, clear messaging to explain guidelines using images and clear language, with consideration of groups for which English may not be their first language and those with protected characteristics such as visual impairments.</li> <li><input type="checkbox"/> We will use visual communications, e.g. whiteboards or signage, to explain safe working practices around the working site to reduce the need for face-to-face communications.</li> </ul>		

PART 2 – PREMISES AND MAINTENANCE ISSUES REQUIRED PRIOR AND DURING OPENING

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
Fire and emergencies	Inability to operate emergency systems or procedures	All building users, contractors/maintenance personnel	High	<ul style="list-style-type: none"> <li><input type="checkbox"/> Review and where necessary, update the existing school Fire Risk Assessment and Fire Safety Management Policy/Evacuation Plan.</li> <li><input type="checkbox"/> Ensure adequate provision of fire wardens and update training where zones they normally cover have been altered.</li> <li><input type="checkbox"/> Ensure that during any future national restrictions/local lockdown (including partial lockdown/closure) that there are sufficient trained staff/fire wardens on duty to cover the site to enable sweeps of all areas to be carried out and to ensure full evacuation of the building.</li> <li><input type="checkbox"/> Assess the suitability of Personal Emergency Evacuation Plans (PEEPs) – especially if working hours are elongated and/or previous role holders are no longer available to continue.</li> <li><input type="checkbox"/> Consider altered escape routes where children are restricted to certain areas.</li> <li><input type="checkbox"/> Consider the layout of muster points; more points may need to be created to allow for social distancing and to prevent groups or bubbles mixing – how will the person in charge at each assembly point communicate with the others? How will pupils line up – is marking required?</li> <li><input type="checkbox"/> Test whether the school’s existing system works appropriately in relation to social distancing and the advice not to mix groups or bubbles.</li> <li><input type="checkbox"/> More frequent drills may be required in the short term as more children and staff return to school to test procedures as they become accustomed to the ‘new normal’ of Class/Year bubbles, social distancing, being in different classrooms/work areas etc.</li> <li><input type="checkbox"/> However, it is accepted that during the current pandemic there may be instances where a fire drill involving the entire school may result in the school’s planned COVID control measures being compromised; e.g. two separate pupil groups (bubbles) coming briefly into contact due to the available evacuation routes. Therefore our advice is that prior to undertaking a fire drill for the whole school an assessment should be made of the potential risk of this occurring.</li> <li><input type="checkbox"/> If, as a result of the assessment, the school believes it would be preferable not to undertake a fire drill involving the whole school, steps must be taken to ensure that all pupils and staff are familiar with the escape routes. This could be achieved by individual groups physically walking the escape routes available to them but without</li> </ul>	<p>Refer to advice on <a href="#">Fire safety in new and existing school buildings</a></p> <p>Fire procedures will be updated and communicated to staff. The fire alarm will be sounded so pupils know the sound of the alarm and teachers will communicate to pupils where to go in the event of the fire alarm sounding. Staff will undertake a fire drill on INSET.</p> <p>First aid policy will be reviewed and communicated to staff.</p>	Low

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
				<p>resorting to sounding the fire alarm. It is recommended that for each group of pupils both the nearest fire exit and also the next closest alternative escape routes are used for this purpose. In line with normal practice any drill (whether full or conducted partially) should be clearly logged in the School Fire Logbook.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> It must be emphasised that the mitigating approach above is only necessary where there is a distinct possibility that the COVID control measures will be compromised for the purposes of a fire drill. In case of a genuine fire the fire evacuation procedure will take precedence over any COVID control measures; the priority is to ensure that all occupants have left the building and reached the fire assembly point.</li> <li><input type="checkbox"/> More frequent fire updates will be provided to staff and pupils, particularly where pupils are not being taught in their 'normal classrooms' so that they can familiarise themselves with the nearest fire route and ultimate exit.</li> <li><input type="checkbox"/> Clarify means of summoning emergency assistance, particularly when operating social distancing.</li> <li><input type="checkbox"/> Consider whether parental performances need to be suspended in the shorter term</li> <li><input type="checkbox"/> Propping open doors by any other means other than proprietary hold open devices triggered by the fire alarm is normally not permitted. However, as a temporary measure, all reasonable methods of preventing infection spread may need to be introduced. The risk of a fire starting is probably lower than the risk of covid-19 infection spread. If fire doors are held open as a measure to reduce the risk of infection transmission the following will be observed: <ul style="list-style-type: none"> <li>• If fire doors are held open, we will alter our documented and practical procedures to ensure that more staff are appointed to ensure ALL fire doors will be closed by a member of staff using the room in the event of the fire alarm activating.</li> <li>• We will use wedges to hold doors open – these can be easily kicked out should there be an emergency situation.</li> <li>• We will only hold doors open where access through them is required during the day and where the room beyond is occupied. This will reduce the risk of contamination. Rooms which are not being used will have the doors closed at all times.</li> <li>• At the end of each day, <b>ALL</b> fire doors <b>MUST</b> be closed. Wipe down contact points with a proprietary cleaning product ready for the next day.</li> </ul> </li> <li><input type="checkbox"/> We will consider the closing of windows should the fire alarm activate. Because of the need for increased ventilation in the school</li> </ul>	<p>Site staff briefed as part of handover of new school.</p> <p>Make available the codes on and off site and ensure all know how to access should it be required.</p> <p>Ensure key staff know gas, water &amp; electric cut-off points and how to operate them.</p> <p>Review fire doors appropriate to setting.</p> <p>Train staff in the correct procedures in the event of fire emergency – repeat as necessary – monitor via fire drills</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
				<p>during the Covid-19 pandemic, there may not be time to close all windows prior to evacuation. This situation is only permissible where to close all the windows would result in increased risk to staff and pupils.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> We will review the first aid 'assessment of need' to ensure that it is still sufficient. Based on this, more first aiders may need to be trained to ensure that there is adequate coverage. We will review levels of first aid equipment to ensure that these are still adequate. In particular, consideration will be given to the purchase of additional resuscitation face shields, disposable gloves and aprons.</li> <li><input type="checkbox"/> Where necessary, staff will undergo induction in the fire and emergency routines and accident/first aid procedures. This may not be the usual routes and normal nominated fire wardens may not be in attendance. Repeat as necessary.</li> </ul>		
Lack of building/ property maintenance – preparing to re-open	Faulty equipment services leading to injury or death	All building users, contractors/ maintenance personnel	High	<p>It is important that, prior to reopening for the autumn term, all the usual pre-term building checks are undertaken to make the school safe.</p> <p><b>Health &amp; Safety Inspections</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> If the whole school site or buildings have been closed for many weeks, or if parts of the building have been out of use for a long period, undertake a health and safety check of the buildings, grounds and equipment concerned.</li> <li><input type="checkbox"/> All routine in-house monitoring, testing and inspection to commence / continue as normal.</li> </ul> <p><b>Fire Safety Systems</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> In terms of reoccupation, all relevant fire safety equipment and systems must be tested <b>before</b> employees and others are allowed back on site. This would typically include: <ul style="list-style-type: none"> <li>- a full functional test of the fire detection and alarm system (using multiple call points across the site and involving the call receiving centre if appropriate);</li> <li>- a full discharge test of the emergency lighting system across the site;</li> <li>- a visual inspection of all fire extinguishers to ensure that they are correctly located, full and not obviously damaged;</li> </ul> </li> </ul>	Refer to DfE <a href="#">Managing school premises during the coronavirus outbreak</a> and the Chartered Institute of Building Services Engineers' guidance on <a href="#">emerging from lockdown</a>	Low

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
				<ul style="list-style-type: none"> <li>- checking that fire escape routes are clear of any obstructions;</li> <li>- checking that final fire escape doors are unlocked and operational;</li> <li>- checking the operation of internal fire doors to ensure that they close properly;</li> <li>- checking that automatic fire dampers, smoke venting and smoke extraction systems are operational.</li> </ul> <p><b>Water management – control of Legionella bacteria</b></p> <p><input type="checkbox"/> <b>Water systems</b></p> <ul style="list-style-type: none"> <li>- Schools increasing operational capacity or re-opening should follow their usual water system building management procedures as they would at the end of the summer holidays.</li> <li>- Chlorinating and flushing water systems may not be necessary <b>if</b> the system has remained operational through routine flushing as advised in the cold water systems and domestic hot water services sections above.</li> <li>- You should contact your school’s legionella competent person who will advise on the action required. If a full system flush is required but not immediately available, seek advice from your competent person on alternative options.</li> </ul> <p><input type="checkbox"/> <b>Drinking water</b></p> <ul style="list-style-type: none"> <li>- If it has not been possible to maintain system throughput of water from routine flushing to all outlets or a competent person has not tested the water and provided satisfactory bacterial test results, the water may not be safe to drink. In these circumstances, you should supply bottled drinking water until a thorough flushing and chlorination can be undertaken by a water treatment specialist.</li> </ul> <p><input type="checkbox"/> <b>Hot water services</b></p> <ul style="list-style-type: none"> <li>- Water temperatures must be kept within limits recommended for the control of legionella bacteria in water systems.</li> </ul>	<p>Refer to <a href="#">Managing school premises during the coronavirus outbreak</a> and <a href="#">HSE: Legionella Risks during the Coronavirus Outbreak</a></p> <p>Schools to contact the competent organisation that carried out the last Legionella Risk Assessment for advice and/or to carry out any necessary recommissioning work</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
				<ul style="list-style-type: none"> <li>- Regularly check hot water generation for functionality and if required, temperature recording.</li> <li>- If the hot water system has been left operational the hot water should be circulating as normal and regular checks should be carried out.</li> </ul> <p><b>Ventilation – keep occupied spaces well ventilated</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> It is important to ensure the building is well ventilated and a comfortable teaching environment is maintained. This can be achieved by a variety of measures including: <ul style="list-style-type: none"> <li>- mechanical ventilation systems – these should be adjusted to increase the ventilation rate wherever possible, and checked to confirm that normal operation meets current guidance (if possible, systems should be adjusted to full fresh air or, if not, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply);</li> <li>- natural ventilation – opening windows (in cooler weather, windows should be opened just enough to provide constant background ventilation and opened more fully during breaks to purge the air in the space). Opening internal doors can also assist with creating a throughput of air;</li> <li>- natural ventilation – if necessary external opening doors may also be used (where safe to do so – see also ‘fire doors’ above).</li> </ul> </li> <li><input type="checkbox"/> To balance the need for increased ventilation while maintaining a comfortable temperature, the following measures should also be used as appropriate: <ul style="list-style-type: none"> <li>- opening high level windows in preference to low level to reduce draughts;</li> <li>- increasing the ventilation while spaces are unoccupied (e.g. between classes, during break and lunch, when a room is unused);</li> <li>- providing flexibility to allow additional, suitable indoor clothing (see also ‘school uniform’ above);</li> <li>- rearranging furniture where possible to avoid direct drafts.</li> </ul> </li> <li><input type="checkbox"/> Ventilation in toilets should be kept running where possible. When in use, avoid opening windows in toilets to assure the right direction of ventilation.</li> <li><input type="checkbox"/> Ventilation in chemical stores should be kept running as normal.</li> </ul>	<p>Refer to the <a href="#">HSE: Air conditioning and ventilation during the coronavirus pandemic</a> and <a href="#">CIBSE coronavirus (COVID-19) advice</a></p> <p>Check with your heating ventilation and air conditioning (HVAC) engineer to determine whether it would be feasible to operate the system with fan functions left off or on low during operation. However, this may affect the safety/functionality of the system advice must be sought by a competent person with knowledge of your heating system/site.</p>	

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
				<p><input type="checkbox"/> Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces (see also ‘use of portable heaters’ above). The Workplace (Health, Safety &amp; Welfare) Regulations 1992 require employers to provide a ‘reasonable’ temperature in workplaces. The School Premises (England) Regulations 2012 do not specify minimum temperatures for any parts of a school but simply refer back to the Workplace Regulations. The HSE ACOP states ‘the temperature in a workplace should normally be at least 16°C. If work involves rigorous physical effort, the temperature should be at least 13°C.</p> <p><input type="checkbox"/> In terms of convection heating systems, the risks are likely to be extremely low and it is unlikely that this could be replaced or retrofitted with additional filtration.</p> <p><b>Restarting plant and equipment</b></p> <p><input type="checkbox"/> Recommission all systems before re-opening, as would normally be done after a long holiday period. This includes:</p> <ul style="list-style-type: none"> <li>- gas</li> <li>- heating</li> <li>- water supply</li> <li>- mechanical and electrical systems</li> <li>- catering equipment</li> </ul> <p><input type="checkbox"/> Establish a clear plan for restarting any equipment that has been taken out of service during lockdown to ensure the safety of those who are undertaking the maintenance as well as protecting the equipment from damage. The restart process may require electrical and mechanical isolations to be reconnected, fluids to be refilled and plant and equipment to be reenergised in a specific sequence or order. Planning should therefore be based on manufacturers’ instructions, commonly accepted technical guidance and by making reference to specialist contractors (where required). Ensure that those who are carrying out the work are competent to do so and the work is correctly coordinated between them to avoid risks.</p> <p><b>Statutory inspections</b></p> <p><input type="checkbox"/> Whilst the HSE ‘recognises the potential challenges when carrying out legal requirements for thorough examination and testing (TE&amp;T) of plant and equipment as a result of additional</p>		

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
				<p>precautions people need to take to help reduce risk of transmission of coronavirus (Covid-19) they have stated that 'the law for Lifting Operations and Lifting Equipment Regulations (LOLER) and Pressure Systems Safety Regulations (PSSR)' remain in place. As such, employers must ensure that statutory inspections on lifting equipment (including passenger lifts and stair lifts), pressure systems, fixed electrical systems, PAT, gas appliances, etc are 'in date' prior to the reoccupation of buildings.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Consider whether equipment which has not been used for an extended period of time needs a statutory inspection even if one is not due. For example, where personal lifting equipment has been left in a condition which may have compromised its structural integrity or where a lift needs servicing to ensure it is going to be operated normally and safely.</li> </ul> <p><b>Training and supervision</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> In returning plant and equipment into full use, ensure that employees have retained adequate knowledge to use it safely. As such, it may be necessary to run refresher training for certain items and/or systems. This is particularly relevant to employees who only had limited experience prior to the lockdown. Review the status of any planned periodic refresher training which may have been missed during the lockdown.</li> <li><input type="checkbox"/> Ensure that there is adequate supervision of those using plant and equipment, particularly if sites operate for an extended period of time and/or experienced supervisors are not available.</li> </ul> <p><b>Cleaning</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> New cleaning arrangements in line with coronavirus preparations should also include regular systematic checks: <ul style="list-style-type: none"> <li>- on drainage systems, check traps have not dried out and ensure water seals are in place to prevent smells within the building, for example, hygiene rooms, sports hall showers</li> </ul> </li> </ul>		

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
				- where toilets are put back into use ensure the flushing of the toilets occur with the lids down and toilet ventilation systems are working.		

### PART 3 – VARIATIONS TO PROTECTIVE MEASURES AS A RESULT OF THE NEW NATIONAL RESTRICTIONS (LOCKDOWN) FROM 05/11/20

On 31/10/20 the Prime Minister announced [New National Restrictions from 05/11/20](#) which come into force on 05/11/20 until 02/12/20, to control the spread of coronavirus (COVID-19). The government continues to prioritise the wellbeing and long-term futures of children and young people and will not be closing early years settings, schools, further education (FE) colleges or universities. It remains very important for children and young people to attend, to support their wellbeing and education and help working parents and guardians. Senior clinicians still advise that school is the best place for children to be, and so they should continue to go to school. Childcare or education is one of the exceptions that children, young people and parents and carers can leave their home for.

The following section of this Risk Assessment covers **variations** to the practices and protective measures we already have in place in Parts 1 and 2 above during periods of national restrictions (nationwide 'lockdown') in line with [Education and childcare settings: New National Restrictions from 5 November 2020](#).

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
Clinically vulnerable or extremely clinically vulnerable persons returning to school	Serious respiratory illness, death	Clinically vulnerable & extremely clinically vulnerable staff and pupils	High	<p><b>Those who are Clinically Extremely Vulnerable (CEV)</b></p> <p><b>Children:</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> More evidence has emerged that shows there is a very low risk of children becoming very unwell from coronavirus (COVID-19), even for children with existing health conditions. Most children originally identified as clinically extremely vulnerable no longer need to follow original shielding advice. Parents will be advised to speak to their child's GP or specialist clinician if they have not already done so, to understand whether their child should still be classed as clinically extremely vulnerable.</li> <li><input type="checkbox"/> Those children whose doctors have confirmed they are still clinically extremely vulnerable are advised not to attend education whilst the national restrictions are in place. We will make appropriate arrangements to enable them to continue their education at home.</li> <li><input type="checkbox"/> Children who live with someone who is clinically extremely vulnerable, but who are not clinically extremely vulnerable themselves, should still attend education.</li> <li><input type="checkbox"/> Parents of clinically extremely vulnerable children will be receiving a letter shortly confirming this advice.</li> </ul> <p><b>Staff:</b></p>		

Hazard	Risk	Individuals at risk	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to	Residual Risk
				<input type="checkbox"/> Those individuals who are clinically extremely vulnerable are advised to work from home and not to go into work. Individuals in this group will have been identified through a letter from the NHS or from their GP and may have been advised to shield in the past. We will talk to these individuals about how they will be supported, including to work from home where possible, during the period of national restrictions. <input type="checkbox"/> All other staff should continue to attend work, including those living in a household with someone who is clinically extremely vulnerable.  <b>Those who are Clinically Vulnerable</b> <input type="checkbox"/> Staff and children who are clinically vulnerable or have underlying health conditions but are not clinically extremely vulnerable, may continue to attend school in line with current guidance.	<p>However, in some cases, colleagues who are classified as CEV may still wish to attend work. Cumbria County Council will be developing some further local guidance to support schools in this scenario – to follow.</p>	
Inadequate personal protection & PPE & spread of Covid-19 virus	Infection spread leading to serious respiratory illness, death	All building users	High	<b>Face Coverings</b> <b>[Years 7 &amp; above]:</b> <input type="checkbox"/> Face coverings should be worn by adults and pupils when moving around the premises, outside of classrooms, such as in corridors and communal areas where social distancing cannot easily be maintained. This was already the case for pupils in year 7 and above, and staff and visitors for those schools that were in areas where local alert level 'high' and 'very high'. <input type="checkbox"/> Some individuals are <a href="#">exempt</a> from wearing face coverings and we expect adults and pupils to be sensitive to those needs. <input type="checkbox"/> Face coverings should also be worn by pupils in year 7 and above when travelling on dedicated school transport to secondary school or college.
