POLICY STATEMENT

1. Definitions

For the purposes of this Policy and procedures a child, young person, pupil or pupil is referred to as a 'child' or a 'pupil' and they are normally under 18 years of age.

Wherever the term 'parent' is used this includes any person with parental authority over the child concerned e.g. carers, legal guardians etc.

Wherever the term 'Head teacher' is used this also refers to any Manager with the equivalent responsibility for children.

Wherever the term 'school' is used this also refers to academies and Pupil Referral Units (PRU) and references to Governing Bodies include Proprietors in academies and the Management Committees of PRUs and will usually include wrap around care provided by a setting such as After School Clubs and Breakfast Club.

2. Introduction

In their document 'Behaviour and Discipline in Schools – advice for head teachers and school staff', the Department for Education (DfE) have set out the legal powers and duties that govern behaviour and attendance in schools and explains how they apply to teachers, governing bodies, pupils and parents.

Every school must have a Behaviour Policy to meet the requirements of Section 89 of the Education and Inspections Act 2006 (maintained schools)

Section 78 of the Education Act 2002 requires that the curriculum for a maintained school must promote the spiritual, moral, cultural, mental and physical development of pupils at the school and of society which, in turn, prepares pupils at the school for the opportunities, responsibilities and experiences of later life. The school pays regard to the DfE [Guidance for schools on the promotion of fundamental British values of democracy, the rule of law, individual liberty and mutual respect of those with different faiths and beliefs](#).

The Governing Body is responsible for setting general principles that inform the Behaviour Policy and procedures. Governors of maintained schools are required to have a 'Statement of Behaviour Principles' which is a statutory document. (DfE – [Statutory policies for schools and academy trusts](#)). Head teachers are responsible for developing the Behaviour Policy and supporting procedures, based around the 'Principles' required by the Governing Body, and deciding the standard of behaviour expected of pupils at the school and how that standard will be achieved, the school rules, rewards for good behaviour and any disciplinary penalties for breaking the rules.

In terms of staff and other adults, any person whose work brings them into contact with children including volunteers must follow the principles and guidance outlined in the school Code of Conduct for Staff and other Adults. In addition to this Code of Conduct, all employees engaged to work under Teachers' Terms and Conditions of Employment have a statutory obligation to adhere to the 'Teachers' Standards 2011 (updated 2013)' (Part 2 of the Teachers' Standards - Personal and Professional Conduct refers).

The procedures which support the Rewards and behaviour policy must include measures to prevent all forms of bullying among pupils.

This Policy and procedures should be read in conjunction with the following school Policies and procedures, and, where relevant, any Covid-19 addendums to these Policies and procedures:

- Overarching Safeguarding Statement

3. Ethos

At St John Henry Newman Catholic School we are committed to the high achievement of all our Pupils. We cultivate success and foster the highest aspirations through excellent teaching.

We are a learning community which has high expectations and actively seek to celebrate the good in every individual. St John Henry Newman Catholic School is built on the Christian values of trust, respect and compassion.

We inspire an enthusiasm for life-long learning and are committed to success for all.

For the school to achieve a positive ethos it is essential that all members of the school community work well alongside each other and develop positive working relationships (this includes all staff and other adults working in the school, Pupils and parents/carers). Having a positive ethos helps to ensure good behaviour from Pupils in school. Young people learn by example and as such, having high standards of behaviour expectations from all parties involved in their education will create adults with similarly high behaviour standards.

Through the promotion of pupils' spiritual, moral, social and cultural (SMSC) development within the curriculum, we will positively promote fundamental British values. To achieve this, we will:

- enable pupils to develop their self-knowledge, self-esteem and self-confidence;
- enable pupils to distinguish right from wrong and to respect the civil and criminal law of England;
- encourage pupils to accept responsibility for their behaviour, show initiative, and to understand how they can contribute positively to the lives of those living and working in the locality of the school and to society more widely;
- enable pupils to acquire a broad general knowledge of and respect for public institutions and services in England;
- further tolerance and harmony between different cultural traditions by enabling pupils to acquire an appreciation of and respect of their own and other cultures;
- encourage respect for other people; and
- encourage respect for democracy and support for participation in the democratic processes, including respect for the basis on which the law is made and applied in England.

We recognise that consistency is crucial in maintaining high standards of behaviour alongside a culture that celebrates success and is not based solely on sanctions. To this end, the School is committed to promoting and rewarding good behaviour. We are also committed to a united approach to managing behaviour in and out of school.

The School will not tolerate bullying or intimidation of any description. A complaint of bullying will always be taken seriously.

4. Aims

St John Henry Newman Catholic School believes that every child has the right to a positive and challenging experience at school. We expect high standards of behaviour at all times, allowing a safe, secure environment where learning is the priority and where good behaviour is reinforced and encouraged by positive rewards. Everyone has a right to learn without hindrance or fear. The school seeks to create an environment in which effective teaching and learning can take place.

The principles underlying this Behaviour Policy are based on respect.

- Respect for self
- Respect for others
- Respect for the environment

Pupils and staff will attend lessons prepared and the Behaviour for Learning Strategy should be adhered to at all times. Pupils will be encouraged to be responsible for their own actions and the subsequent consequences of their behaviour. There are systems in the school to acknowledge and reward positive behaviour as well as promoting self-esteem and self-discipline. This policy will define acceptable standards of behaviour and explain appropriate rewards and sanctions. Pupils have the right to expect fair and consistently applied rewards and sanctions. This policy will ensure fair treatment for all regardless of age, race/ethnicity, sexual orientation, gender/transgender, pregnancy, religion/beliefs, ability or disability, or any other recognised area of discrimination following the school's legal duties under the Equality Act 2010.

The Rewards and Behaviour Policy and procedures confirms the school commitment to:

- ensure that each child can develop and achieve his/her full potential, educationally, morally {and spiritually};
- provide a safe and attractive environment where everyone feels welcome, happy and secure; free from disruption, violence, bullying (*including cyber-bullying, prejudice-based and discriminatory bullying*) and any form of harassment;

- promote a culture of praise and encouragement in which all pupils can achieve;
- provide every pupil with appropriate high-quality teaching through a broad and balanced curriculum which is appropriately differentiated to meet each pupil's individual needs;
- teach children to respect themselves and others and to take responsibility for their own action and behaviour;
- help teachers and other staff manage behaviour problems that can inhibit effective learning for all children, and to realise that we cannot always deal with problems by ourselves and that we have colleagues and other agencies who are willing to assist;
- *help all adults who work with pupils in the school to recognise and understand that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments;*
- help young people to understand how behaviour affects others and the world around them;
- create a partnership of support and effective communication between home, school and the wider community;
- provide young people with an informed view of life and develop a strong sense of right and wrong enabling them to become thoughtful, caring members of society;
- value every child regardless of ability, race, gender or religion;
- maintain, develop and consistently apply high standards within the school and enable teachers and other school staff to develop and use their own professional expertise.

The aim of this Policy and supporting procedures is to determine the boundaries of acceptable and unacceptable behaviour, introduce rewards and sanctions and determine how they will be fairly and consistently applied.

To achieve this, the school will:

- make clear its expectations of good behaviour, through assemblies, school parliament meetings and in published documents;
- reward achievements, effort, good quality work, academic excellence, being a good neighbour, going above and beyond, contributions to school life, attendance leading to certificates and prizes etc.

2.1 Rewards

The school relies on rewards in ensuring Pupils feel recognised and valued for their contributions to school life.

There are four broad categories for rewarding Pupils' behaviour: Working Hard, Academic Excellence, Above and Beyond, Good Neighbour. Teachers will award at least one pupil in their class an achievement point at the end of a lesson.

Every month, Pupils from each year group, in each subject in Key Stage 3 will be nominated for Pupil of the Month. There are different themes each month for pupil of the month, and the school will share these themes with Pupils during the commencement of the month.

Where Pupils manage to keep achievement points, they will be entered into a random prize draw – they will gain one entry point per achievement point they have, providing their points are above the minimum entry requirement for each draw stipulated at the point of the draw taking place.

Types of rewards include:

Entry into £1 canteen voucher prize draws each half term for pupils who have at least 5 achievement points

Entry into £10 voucher prize draws each half term for pupils who have at least 10 achievement points

Entry into £20 voucher prize draws each half term for pupils who have at least 20 achievement points

Entry into £50 voucher prize draw at the end of the year for the top 20 pupils in each year group who have the most achievement points

Positive comments in class and/or reinforcement at end of lesson

3. Sanctions and consequences

Although this school aims to focus on positives, there are unfortunately occasions when a minority of pupils let themselves, the school and others down through their unacceptable or inappropriate behaviour.

We want pupils to take responsibility for their behaviour and will encourage pupils to do this through restorative justice approaches which enable pupils to reflect on their behaviour and to make amends. This process does not, however, replace consequences. At our school, we know that consistency is essential for pupils to understand what is expected of them and to avoid mixed messages. It is vital that children learn early on in life that there are always consequences for poor and unacceptable behaviour which undermine the positive atmosphere of our school community.

At St John Henry Newman Catholic School a four stage system is followed in classrooms which is used to ensure that all Pupils are on task, working hard and lessons are not disrupted.

- Stage 1 - warning by the teacher
- Stage 2 - second warning by the teacher
- Stage 3 - Pupils are asked to move seats within the classroom and a behaviour log will be completed on our computer system
- Stage 4 - Pupils are referred and On Call is used to remove that pupil from the classroom and take to another room resulting in an automatic 20 minute after school detention the following school night, wherever possible. Pupils will also be expected to return to that member of staff and apologise for

their behaviour or lack of work with restorative justice used by the member of staff. A behaviour log will be completed on our computer system and parents/carers contacted via text, email or phone call. A stage 4 will be issued immediately if a pupil swears at a teacher or pupil, fights, is a danger to themselves or others or asks to be referred out of the lesson. Other extreme examples of poor behaviour will also lead to a Stage 4 at the teacher's discretion.

- On reaching stage 4 - arguing, refusing to leave the classroom, disrupting the class they have been referred into, on call being called to the referral room and failing to return to the teacher to explain their behaviour and apologise will be classed as failing a referral and this leads to a day in inclusion with the after school detention also to be completed. A behaviour log will be completed on our computer system and parents/carers contacted via text, email or phone call.
- Any pupil who fails to behave appropriately in inclusion will be suspended from school for a fixed period and will be placed in inclusion on their return as they will need to complete the original day in inclusion and have an extra day in there due to being suspended.

As well as the stages used with the classroom, Pupils who are regularly referred will move up through the Levels of Conduct.

- Level 1 – Three stage 4 referrals/failed referrals in one half term or one serious incident will result in a day's inclusion and parents called in for a meeting with the Pastoral Support Worker or Form Tutor and Head of Year if available. They may also be placed on report to the form tutor.
- Level 2 – A further three stage 4 referrals/failed referrals in one half term or one serious incident will result in another day's inclusion and parents called in for another meeting with the Head of Year and SLT link if available. They may also be placed on a Head of Year report and a Pupil Passport may be written.
- Level 3 – A further three stage 4 referrals/failed referrals in one half term or one serious incident will result in another day's inclusion and parents called in for another meeting but this time with the Head of Year and Senior Assistant Headteacher if available. They may be placed on a Senior Assistant Headteacher report for two weeks. Requests to outside agencies for support will be considered along with a discussion regarding an Early Help Assessment being started.
- Level 4 – A further three stage 4 referrals/failed referrals in one half term or one serious incident will result in another day's inclusion and parents called in for a meeting with the Head of Year, Senior Assistant Headteacher and Headteacher if available. An acceptable Behaviour contract will be signed and they may be placed on a Senior Assistant Headteacher report for two weeks. A managed move will be discussed along with a discussion about involvement from the Gillford Centre.
- Level 5 - A further three stage 4 referrals/failed referrals in one half term or one serious incident will result in another day's inclusion and parents called in for another meeting with the Head of Year, the Senior Assistant Headteacher and Headteacher. The Acceptable Behaviour Contract will be reviewed, a managed move set up or become at risk of being permanently excluded.

Conduct levels will be reviewed on a 6 week basis from the date of the behaviour incident that triggered the conduct level meeting. Providing a pupil has had no further behaviour logs (stage 4 referrals or serious incidents) they will be moved down a conduct level. In the Summer term, if the same applies a pupil will be moved down 2 conduct levels.

Any pupil who arrives late to school, is heard swearing, chewing gum or not behaving appropriately around school or outside of school will receive an automatic after school detention. Any pupil who truants school will be placed in inclusion for half a day. Any pupil who fights, throws anything off the St Bernadette bridge, swears at a member of staff, makes racist, homophobic or any bullying comments to another pupil verbally or via cyber bullying will be placed in inclusion for at least one day. There will also be other circumstances where the school will deem it necessary to place a pupil in After School detention or inclusion as a sanction.

School will endeavour to investigate all incidents as thoroughly and impartially as possible and, based upon these investigations, will form a view based on the balance of probability. By employing this approach, it prevents Pupils from adopting a "you can't prove it" line of defence. We believe this to be in the best interests of all concerned.

3.1 Restorative justice/Reflection on actions

Restorative justice is a process which restores relationships where there have been problems. It is an opportunity for both sides to explain what happened and to try and come up with a solution. Pupils are expected to apologise at the end of a lesson if they received a Stage 4. This provides the pupils with an opportunity to explain themselves and provide the teacher with a reason and understanding as to why they got to Stage 4. Where there has been a frequent issue in lessons, a pupil has sworn at a member of staff, or a relationship between a pupil and member of staff needs to be repaired, the individuals involved will meet with a mediator who will ask them three main questions:

- What happened?
- Who else has been affected by this?
- What can be done to prevent this happening again?

The questions have been designed so that both sides have an opportunity to hear the situation from each other. It enables them to think about how this may have affected the other person but also the other pupils and their learning. By doing this and coming up with solutions it encourages both parties to take responsibility for their actions and make them aware of the impact they are having on others. It is also very helpful to hear the other side of the story and really appreciate why others may be upset.

Restorative justice works extremely well if there has been a repeated problem for a pupil and member of staff. This is because it gives them an opportunity to air their differences, appreciate how the other feels, and move on in a positive light, always with the aim to solve the problem, move on and prevent the same situation arising again.

Restorative justice also works very well when pupils fall out with each other, allowing them to see the impact of their actions, apologise if necessary and put it behind them.

Meetings are always held in a neutral place with a mediator who is not involved. The mediator's job is to keep everyone calm and civil and help those involved to move forward to restore the relationship. They will be held within a week of an issue but both parties must agree if the restorative justice meeting is to take place.

Reflection on actions is normally used to allow the individual to reflect on their behaviour and to allow the pupil to decide for themselves why their behaviour was inappropriate and how it might have affected others in the school. Pupils are generally asked about their reasons for the behaviour and how that behaviour could be improved or what alternatives to the inappropriate behaviour might have been possible if the same circumstances arise again.

3.2 Sanctions and disciplinary action

There is a clearly defined process for issuing sanctions in this school. Pupils are issued with stages as explained in the Sanctions and Consequences section above. The school uses a wide range of consequences for poor behaviour which are outlined in more detail below.

Pupil Behaviour Logs

When a pupil reaches stage 3, 4 or a failed referral they are issued with a Behaviour Log which is held centrally. These trigger further interventions as explained above in the Levels of Conduct.

Screening, Searching and Confiscation

The school follows Government advice when confiscating items from pupils which is outlined in their document "[Screening, Searching and Confiscation – Advice for Head teachers, Staff and Governing Bodies](#)", a copy of which is available from the school on request.

The following items are what are termed 'Prohibited Items' and their presence on school premises or if found on an individual pupil will lead to the highest sanctions and consequences:

- Knives
- Firearms/weapons

- Illegal drugs
- Alcohol
- Fireworks
- Tobacco, lighters, electronic cigarettes, vapes and cigarette papers
- Pornographic or unsuitable images
- Stolen items
- Any article that the member of staff (or other authorised person) reasonably suspects has been, or is likely to be, used:
 - i) to commit an offence,
 - ii) to cause personal injury to, or damage to the property of, any person (including the pupil).

Head teachers and authorised staff can also search (with the permission of the pupil) for any item banned by the school rules which has been identified in the rules as an item which may be searched for.

The following are items which are banned by the school under the school rules:

- Mobile phones used in class or seen around the school building (can only be seen and used outside the building at break and lunchtimes)
- Digital media devices or similar used in class
- MP3 players
- Jewellery not in accordance with the School Uniform Policy
- Lighters or matches
- Chewing gum

The school will confiscate any electronic items being used inappropriately on the premises such as mobile phones, digital media devices etc. Pupils can bring these to school on the understanding that they remain switched off and in bags during lessons and other directed time.

Staff in this school have the right to confiscate, search and ultimately delete any media which they “reasonably suspect” is being used to bully or otherwise cause an individual harm. Depending on the seriousness of the media, information may also be reported to the Police.

Pupils wearing any accessories or jewellery which do not follow the School Uniform Policy can expect to have these items confiscated. Any confiscated items will be logged and made available for collection at the end of the school day. Where a pupil repeatedly flouts the rules, they may be asked to hand in items at the beginning of each day to reduce unnecessary time wasting for teachers. For repeated offences of this nature, parents will be asked to collect confiscated items. Where items are not collected, the school will dispose of them at the end of each term.

Pupils found with tobacco and/or cigarette papers will have these confiscated and destroyed whether they are found to be smoking or not. They will also be issued with a sanction for bringing tobacco on to school premises. Pupils will also receive sanctions for smoking near the school and on their way to and from school.

Staff have the power to search pupils with their consent for any item banned under the school rules. This includes searching lockers and bags. A condition of having a locker in this school is that it may be searched where there is a suspicion that prohibited or banned items are being held within it and reasonable grounds for the search have been established.

Where items are ‘prohibited’ as outlined above, these will not be returned to pupils and will be disposed of by the school according to the DfE advice and statutory guidance ‘Screening, Searching and Confiscation – Advice for Head teachers, staff and Governing Bodies’. Pupils must not bring any of the items listed above on to school premises. The school will automatically confiscate any of the ‘prohibited’ items and staff have the power to search pupils **without** their consent for such items. There will be severe penalties for pupils found to have ‘prohibited’ items in school. In certain circumstances, this may lead to permanent exclusion.

Detention

After school detentions are used when a pupil receives a Stage 4 referral. Staff may also issue their own break, lunchtime or after school detentions to resolve homework issues with pupils. During detentions

pupils are set relevant academic work, outstanding homework to complete or given the opportunity to reflect on an aspect of their behaviour. After school detentions are also issued where a pupil arrives late to school, is heard swearing by members of staff, is chewing gum or has behaved inappropriately during social times.

The Education and Inspections Act 2006 (amended by the Education Act 2011) determines that schools are able to issue detentions outside school hours **without parental consent** although consideration should be given to whether the parents ought to be informed of the detention. In many cases, it will be necessary to do so, but this will depend on the circumstances. For instance, notice may not be necessary for a short after school detention where the pupil can get home safely; and whether suitable travel arrangements can be made by the parent for the pupil. It does not matter if making these arrangements is inconvenient for the parent.

Detention may be given on any school day where the pupil does not have permission to be absent.

The Head teacher will decide which members of staff can put pupils in detention. At this school that applies to all staff, including non-teaching staff.

3.3 Exclusion

The Government supports Head teachers in using exclusion from school as a sanction where it is warranted but we understand this is a last resort. We recognise it is our responsibility as a school to communicate to pupils, staff, and parents our behaviour expectations and the responsibility of all individuals working with pupils to ensure that no exclusion will be initiated without first exhausting other strategies or in the case of a serious incident, a thorough investigation. We have a range of policies and procedures in place to promote good behaviour and appropriate conduct, we take steps to access local support services like Inclusion Support Officers and Early Help Services, and we strive to foster good parental engagement.

The decision to exclude a pupil will be taken in the following circumstances:

- In response to a serious breach of the school's Behaviour Policy.
- If allowing the pupil to remain in school would seriously harm the education or welfare of other people or the pupil themselves in the school.

Exclusion from school in any form will be a last resort. Where exclusion, either fixed term or permanent, is considered appropriate and/or necessary, we will refer to our Exclusion Policy, a copy of which is available on the school website or on request from the school office.

4. Pupil support

We aim to support all our pupils to ensure that every child succeeds during their time at the school. Where it becomes clear that a child is having on-going difficulties in managing their behaviour, there are a wide range of strategies which are used to support pupils.

- Monitoring report cards with targets to promote success in lessons.
- Increased communication between home and school.
- Individual support plans.
- Referral to the school counsellor or mentor.
- Support from the SENCo (Special Educational Needs Co-ordinator), teaching assistants, Pastoral Support Workers, school counsellor, senior learning mento
- Small group work or 1:1 support in self-esteem, emotional literacy, anger management, nurture group sessions etc.
- Additional literacy or numeracy support where this is identified as a barrier to learning and impacts on the child's behaviour.
- Alternative curriculum provision.
- Reduced timetable.

- Referral to outside agencies such as Educational Psychologist, Mental Health Worker, Behaviour Specialists etc.

5. Attendance and punctuality

The school is required by law to keep a record of pupil attendance. In an emergency, such as a fire, it is essential that we have an accurate record of who is in school. Good attendance and punctuality are essential for good learning. They are also essential skills for later life. Pupils who are late, without a valid reason, are recorded as late and placed in After School detention.

If pupils are late or do not attend:

- parent should telephone the school in the morning on the first day of their child's absence;
- any absence needs to be explained, on return to school, by a letter or phone call from the parent;
- parent should contact the school again if an absence is more than three days. If they do not, the school will make attempts to contact them. In some circumstances, this may also involve a home visit.

On return to school, it is the pupil's responsibility to seek advice on completing any work missed. If a pupil is late to class he/she must catch up on work missed. The subject teacher may give a break or lunchtime detention to ensure that this is done.

We strongly discourage parents from taking their children out of school for holidays or family outings during the school term. The Head teacher is no longer able to grant any leave of absence during term time unless there are 'exceptional' circumstances. Absences taken without the authorisation of the Head teacher will be recorded as 'unauthorised'.

6. Homework

Year 7 pupils should always write homework in their planner and include the deadline by which the work has to be handed in. All pupils can access the 'Class Charts' page on the school website where homework tasks, extra resources, further explanations and deadlines can be viewed. Parents/carers/guardians of Year 7 pupils should sign the planner each week to show that they have seen it. Parents/carers/guardians are encouraged to contact the school if it appears that homework is not being set and check the 'Class Charts' link on the school website. All homework must be completed by the due deadline. Pupils are encouraged to plan out their homework and coursework. They will feel under enormous pressure in Years 10 and 11 if they are trying to catch up on coursework that should have been done earlier. The school does provide advice on study skills to help in this respect.

Homework should be dated and well presented. If it is finished within the recommended time, reading and extra revision can be completed.

If homework is not completed:

- parents/carers/guardians may use the Pupil Planner to write an explanation, write a letter or email the school if there is a good reason why a child was unable to complete their homework
- the teacher should be told before or at the beginning of the lesson
- the teacher may record non-completion of work in the Pupil Planner so that parents/carers/guardians may see it
- the teacher may place the pupil in a detention at break, lunchtime or after school to complete the work. Missing this detention and or not producing homework at the second opportunity will result in after school detention and a detention slip will be issued which the Pupil has the responsibility to share with parents. Further sanctions will be applied for regular non submission of homework or non attendance at detentions.

7. Pupil conduct and misbehaviour outside the school premises

7.1 What the law allows

Teachers have a statutory power to discipline pupils for misbehaving outside of the school premises. Section 90 of the Education and Inspections Act 2006 gives Head teachers a specific statutory power to regulate pupils' behaviour in these circumstances "to such extent as is reasonable."

Subject to the school's Behaviour Policy and procedures, the teacher may discipline a pupil for:

- any misbehaviour when the child is:
 - taking part in any school-organised or school-related activity; or
 - travelling to or from school; or
 - wearing the school uniform; or
 - in some other way identifiable as a pupil at the school.
- or misbehaviour at any time, whether or not the conditions above apply, that:
 - could have repercussions for the orderly running of the school; or
 - poses a threat to another pupil or member of the public; or
 - could adversely affect the reputation of the school.

7.2 Out of school behaviour

This school is committed to ensuring our pupils act as positive ambassadors for us. Taking the above into account, we expect the following:

- good order on all transport (including public transport) to and from school, educational visits or other placements such as work experience or college courses;
- good behaviour on the way to and from school;
- positive behaviour which does not threaten the health, safety or welfare of our pupils, staff, volunteers or members of the public;
- reassurance to members of the public about school care and control over pupils to protect the reputation of the school;
- protection for individual staff and pupils from harmful conduct by pupils of the school when not on the school site.

The same behaviour expectations for pupils on the school premises apply to off-site behaviour.

7.3 Sanctions and disciplinary action – off-site behaviour

Sanctions may be given for poor behaviour off the school premises which undermines any of the above expectations and regardless of whether it is an activity supervised directly by school staff. Sanctions may be in the form of detention, time in the inclusion unit, fixed term exclusion or in very serious cases, permanent exclusion. In issuing sanctions, the following will be considered:

- The severity of the misbehaviour.
- The extent to which the reputation of the school has been affected.
- Whether pupils were directly identifiable as being members of the school.
- The extent to which the behaviour in question could have repercussions for the orderly running of the school and/or might pose a threat to another pupil or member of staff (e.g. bullying another pupil or insulting a member of staff).
- Whether the misbehaviour was whilst the pupil was on work experience, taking part in a course as part of a school programme, participating in a sports event (and in any situation where the pupil is acting as an ambassador for the school) which might affect the chances or opportunities being offered to other pupils in the future.

8. The use of reasonable force

There are circumstances when it is appropriate for staff to use reasonable force to safeguard children. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control to restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury 'Reasonable' in these circumstances means 'using no more force than is needed'.

The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom. The decision on whether to not to use reasonable force to control or restrain a child is down to the professional judgement of the staff concerned and should always depend on individual circumstances.

The Governing Body have taken account of advice provided by the DfE - [Use of reasonable force: advice for head teachers, staff and governing bodies](#) and the school's public sector equality duty set out in section 149 of the Equality Act 2010.

All members of school staff have a legal power to use reasonable force. This power also applies to people whom the Head teacher has temporarily put in charge of pupils such as unpaid volunteers or parents accompanying pupils on a school organised visit.

Any use of force by staff will be reasonable, lawful and proportionate to the circumstances of the incident and the seriousness of the behaviour (or the consequences it is intended to prevent). Reasonable force will be used only when immediately necessary and for the minimum time necessary to achieve the desired result and to prevent a pupil from doing or continuing to do any of the following:

- committing a criminal offence;
- injuring themselves or others;
- causing damage to property, including their own;
- engaging in any behaviour prejudicial to good order and discipline at the school or among any of its pupils, whether that behaviour occurs in a classroom or elsewhere.

Force will **never** be used as a punishment.

Whether it is reasonable to use force and to what degree, also depends on the age and understanding of the pupil and whether they have Special Educational Needs or disabilities. Medical advice will always be sought about the safest way to hold pupils with specific health needs, special educational needs and disabilities.

8.1 Action as a result of self-defence or in an emergency

All staff including teaching assistants, lunchtime supervisors, admin staff and the site management have the right to defend themselves from attack, providing they do not use a disproportionate degree of force to do so. Similarly, in an emergency, if for example, a pupil was at immediate risk of injury or at the point of inflicting injury on someone else, any member of staff is entitled to intervene. A volunteer helping in school would not be expected to work with a child who is known to need physical restraint as indicated in their Behaviour Management Plan.

8.2 Circumstances in which reasonable force might be used

Circumstances in which reasonable force might be used include the following:

- Pupils found fighting will be physically separated.
- Pupils who refuse to leave a room when instructed to do so may be physically removed.
- Pupils who behave in a way which disrupts a school event or a school trip or visit may be physically removed from the situation.
- Restraint may be used to prevent a pupil leaving a classroom where allowing him or her to do so would risk their safety or lead to disruptive behaviour. This may also include leading a pupil by the arm out of a classroom.
- Pupils at risk of harming themselves or others through physical outbursts will be physically restrained.
- To prevent a pupil from attacking a member of staff or another pupil.
- To prevent a pupil causing injury or damage by accident, by rough play, or by misuse of dangerous materials or an object.

8.3 Power to use reasonable force when searching without consent

In addition to the general power to use reasonable force, the Head teacher and authorised staff can use such force as is reasonable given the circumstances to conduct a search for 'prohibited items'. See Section 3.2 above.

8.4 Unreasonable force

The type of force which will never be acceptable in our school includes:

- holding round the neck or any other hold that might restrict breathing;
- kicking, slapping or punching;
- forcing limbs against joints (e.g. arm locks);
- tripping or holding by the hair or ear;
- holding face down on the ground.

8.5 Staff training

Members of staff will receive training about the use of reasonable force appropriate to their role to enable them to carry out their responsibilities. This will include training on any restraint techniques which must not be used because they are known to present an unacceptable risk when used on children and young people. Some staff will receive additional training on the appropriate techniques which may be used to physically restrain pupils. The training will be to an approved nationally acceptable level and will be regularly refreshed.

8.6 Behaviour Management Plans (BMPs)

A pupil with a known challenging behaviour, a medical condition which affects behaviour patterns, has special educational needs or where there is evidence or suspicion of self-inflicted harm (i.e. is a risk to themselves) may be the subject of a Behaviour Management Plan. This Plan sets out specific ways in which the behaviour is controlled whilst on school premises and during any off-site visit. It may also include details on managing the pupil's behaviour whilst travelling to school on organised home-school transport.

By planning positive and proactive behaviour support, through the drawing up of an individual behaviour plan for more vulnerable children, and agreeing it with parents/carers, we may be able to reduce the occurrence of challenging behaviour and the need to use reasonable force.

In such circumstances, parents will always be made aware of their child's Behaviour Management Plan and will be asked to contribute to the content and control measures implemented in an attempt to apply consistency of sanctions and rewards both in school and at home. Wherever possible and appropriate, the child concerned will also be involved in creating the Behaviour Management Plan.

8.7 Informing parents when reasonable force has been used

In accordance with current good practice, the school will speak to parents about serious incidents involving the use of force and will record such serious incidents.

In making a decision about informing parents, the following will be considered:

- the pupil's behaviour and level of risk presented at the time of the incident;
- the degree of force used;
- the effect on the pupil or member of staff concerned; and
- the child's age.

All incidents when 'physical restraint' as opposed to 'physical control' is used will be recorded as soon as possible and details passed on to the Head teacher (or deputy in the absence of the Head teacher) who will follow up the incident where necessary. The following must be recorded:

- all incidents where unreasonable use of force is used;
- any incident where substantial force has been used e.g. physically pushing a pupil out of a room;
- use of restraint;
- all incidents where either the child or the 'handler' is injured because of the intervention;
- an incident where a pupil is distressed though clearly not overreacting.

The following criteria will be used when considering the need for recording:

- (a) Did the incident cause injury or distress to a member of staff or pupil?
- (b) Even though there was no apparent injury or distress, was the incident sufficiently serious in its own right? Any use of restrictive holds, for example, fall into this category;

- (c) Did the incident justify force? This is particularly relevant where the judgement is finely balanced;
- (d) Does recording it help to identify and analyse patterns of pupil behaviour?

If the answer to any of the questions is 'yes', a written record should be made and held in a secure central location or recorded in the bound Record of Physical Intervention book (blue) and all other notes taken at the time are to be kept.

In all instances of the use of physical restraint, parents will be informed the same day, by phone, and invited into the school to discuss the incident unless to do so would result in significant harm to the pupil, in which case, the incident will be reported to the Cumbria Safeguarding Hub by the Head teacher/DSL.

All injuries will be reported and recorded in accordance with school procedures.

8.8 Post incident support

Serious incidents can create upset and stress for all concerned. After the incident ends it is important to ensure any staff and pupils involved are given first aid treatment for any injuries. Emotional support may also be necessary. Where required, immediate action will be taken to access medical help for any injuries that go beyond basic first aid. The school will then decide how and when to contact the parents of the pupil to engage them in discussing the incident and setting out subsequent actions. After the incident, the Head teacher and/or other staff will:

- (a) ensure the incident has been recorded;
- (b) decide whether multi-agency partners need to be engaged and, if so, which partners;
- (c) hold the pupil to account so that he or she recognises the harm caused or which might have been caused. This may involve the child having the chance to redress the relationship with staff and pupils affected by the incident. It may also mean the child is excluded. See Section 3.2 above.
- (d) help the pupil develop strategies to avoid such crisis points in the future and inform relevant staff about these strategies and their roles;
- (e) ensure that staff and pupils affected by the incident have continuing support, if necessary, in respect of:
 - physical consequences
 - emotional stress or loss of confidence
 - analysis and reflection of the incident

8.9 Follow up

In many cases there will be a follow-up meeting of key personnel to discuss the restraint incident and review the Behaviour Management Plan or other plans for pupils. It might also be appropriate to review the Rewards and Behaviour Policy and supporting procedures.

8.10 Other physical contact with pupils

This school does not operate a 'No touch Policy'. There are occasions when physical contact, other than reasonable force, with a pupil is proper and necessary.

- When comforting a distressed pupil.
- When a pupil is being congratulated or praised.
- To demonstrate how to use a musical instrument.
- To demonstrate exercises or techniques during PE lessons or sports coaching.
- To administer first aid.
- To apply sunscreen to the arms, face or lower legs of those with special educational needs who might struggle to apply it appropriately themselves.

9. Mental health and behaviour

This school recognises that taking a coordinated and evidence-informed approach to mental health and wellbeing in school, as outlined in the latest edition of the [Promoting children and young people's mental health and wellbeing - a whole school or college approach](#) issued by the Children and Young People's

Mental Health Coalition, leads to improved pupil emotional health and wellbeing which can help readiness to learn.

All staff and other adults are made aware through regular training updates that mental health problems and changes in behaviour can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff and other adults, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour, and education.

If staff need more specific guidance on this, we can refer to the DfE guidance [Mental health and behaviour in schools](#) for support and our [Mentally Healthy Schools Resources](#).

10. Child on child abuse (aka peer on peer abuse)

We recognise that children can abuse their peers and all staff understand the importance of challenging inappropriate behaviours between peers. This is generally referred to as child on child or peer on peer abuse and can take many forms. This can include (but is not limited to) bullying (including cyberbullying, prejudice-based and discriminatory bullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm, abuse in intimate personal relationships between peers; the consensual or non-consensual sharing of nude and/or semi-nude images/videos and initiating/hazing type violence and rituals. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

We recognise that children with special educational needs or disabilities (SEND) or certain health conditions can face additional challenges. These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration;
- these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children;
- the potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in managing or reporting these challenges.

We recognise that even if there are no reported cases of child-on-child abuse, such abuse may still be taking place and is simply not being reported.

We will not dismiss abusive behaviour between children as 'normal' and our thresholds for investigating claims and allegations are the same as for any other type of abuse.

We have a separate Child on child (also referred to as peer on peer) abuse Policy and procedures which will be followed in the event of an allegation being made against pupils in our school by other pupils. This Policy and procedures is available on the school website and on request from the school office.

Consideration will also be given to the advice contained within the DfE statutory guidance [Keeping Children Safe in Education](#), and the UKCIS Education Group publication [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#) which outlines how to respond to an incident of nudes and semi-nudes being shared.

10.1 Minimising the risk of safeguarding concerns towards pupils from other pupils

On occasion, some pupils may present a safeguarding risk to other pupils. The school may well be informed by the relevant agency (either Police or Social Care) that the young person raises safeguarding concerns. These pupils will need an individual Behaviour (or risk) Management Plan to ensure that other pupils are kept safe and they themselves are not laid open to malicious allegations.

Pupils are encouraged to report child on child abuse and the issue is discussed as part of HRSE curriculum.

11. Sexual violence and sexual harassment (SVSH)

Sexual violence and sexual harassment can occur between two children of **any age and sex**, from primary through to secondary stages. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and face to face (both physically and verbally) and are never acceptable.

We have a zero-tolerance in relation to any form of sexual discrimination, sexual violence, or sexual harassment amongst or directed at staff or pupils in the school.

We believe that it is essential that all victims of SVSH are reassured that they are being taken seriously and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor will a victim ever be made to feel ashamed for making a report.

Types of conduct that is inappropriate and may constitute sexual violence or sexual harassment include, but are not limited to, the following:

- unwelcome sexual flirtations or propositions, invitations, or requests for sexual activity;
- sexual comments, such as making lewd comments or sexual remarks about clothing and appearance, and calling someone sexualised names;
- sexual “jokes” or taunting, threats, verbal abuse, derogatory comments, or sexually degrading descriptions;
- unwelcome communication that is sexually suggestive, degrading or implies sexual intentions, including written, verbal, online etc.;
- physical behaviour, such as deliberately brushing against, grabbing, massaging, or stroking an individual’s body;
- taking, displaying, or pressuring individuals into taking photos of a sexual nature;
- exposing, or causing exposure of, underclothing, genitalia, or other body parts that are normally covered by an individual, through means including, but not limited to, mooning, streaking, “upskirting” (which is a criminal offence), “down blousing”, or flashing;
- purposefully cornering or hindering an individual’s normal movements;
- engaging in the improper use of school-owned devices and the internet including, but not limited to, the following:
 - Accessing, downloading, or uploading pornography
 - Sharing pornography via the internet, email, or mobile phones i.e., consensual and non-consensual sharing of nude and/or semi-nude images/videos
 - Creating or maintaining websites with sexual content
 - Participating in sexual discussions through email, chat rooms, instant messaging, social media, mobile phone or tablet apps, or any other form of electronic communication.

Punishments for incidents of sexual violence or sexual harassment will be determined based on the nature of the case, the ages of those involved and any previously related incidents. In some cases, the school may involve the Police where it is determined that a crime has been committed.

Appendix A provides details of how we will respond to a report of SVSH in the school.

Further advice on sexual violence and sexual harassment is outlined in Part five of the DfE statutory guidance [Keeping Children Safe in Education](#) and [Sexual Violence and sexual harassment between children in schools and colleges](#).

12. Allegations of abuse/concerns against staff and other adults working in the School (including volunteers, contractors and supply staff)

All children and adults have a fundamental right to be protected from harm. All allegations of abuse will be taken seriously. (For more information, refer to the School Allegations procedure which forms part of the Child Protection Policy and procedures).

The Governors of the School have a duty to safeguard and promote the welfare of children and create and maintain a safe learning environment (section 175 of the Education Act 2002). Our policy is to identify where there are child welfare concerns and act to address them, in partnership with other organisations where appropriate, and in accordance with local inter-agency procedures.

School staff have a positive role to play in child protection, as their position often allows them to be able to observe outward signs of abuse and changes of behaviour in children. Because of their role however, they are also open to accusations of abuse. Such allegations may be true, but they may also be false, misplaced or malicious.

To fulfil its commitment to the welfare of children, this School has a procedure for dealing with allegations of abuse against members of staff, supply staff, volunteers, contractors and other children.

The procedure aims to ensure that all allegations are dealt with fairly, consistently and quickly and in a way that provides protection for the child, whilst supporting the person who is the subject of the allegation. Where an allegation is made against supply staff employed by an Agency, the school will take the lead and will collect the facts when an allegation is made. In such cases, we will involve the Agency in any further investigations and follow-up procedures.

If a member of staff does not wish to report an allegation directly, or they have a general concern about malpractice within the school, reference can also be made to the school's Whistleblowing procedures and procedures for reporting low-level concerns about another adult who works with children in the school. Further information on how to report low-level concerns is outlined in the school's Code of Conduct for staff and other adults.

The procedure complies with the framework for managing cases of allegations of abuse against people who work with children, as set out in the DfE statutory guidance '[Keeping Children Safe in Education](#)' and the Cumbria Safeguarding Children Partnership (SCP) Core procedures.

13. Bullying

In addition to the sections below, we have a separate Child on Child abuse Policy and procedures, a copy of which is available on the school website or on request from the school office.

13.1 What is bullying?

According to the DfE document '[Preventing and Tackling Bullying – Advice for Head teachers, staff and Governing Bodies](#)', bullying may be defined as:

“Behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically or emotionally”.

Specific types of bullying (cyber-bullying, prejudice-based and discriminatory bullying) include those relating to:

- race, religion, culture or gender;
- SEN or disabilities;
- appearance or health conditions;
- sexual orientation;
- young carers or looked after children or otherwise related to home circumstances;
- sexist or sexual bullying and sexual harassment.

It can take place between pupils, between pupils and staff, parents and staff or between staff; by individuals or groups; face-to-face, indirectly or using a range of cyber bullying methods.

Acts of bullying can include:

- name-calling;
- taunting;
- mocking;
- making offensive comments;
- kicking;
- hitting;
- pushing;
- taking belongings;
- inappropriate text messaging, emailing or 'posting' on social media sites;
- sending offensive or degrading images by phone or via the internet consensual and non-consensual sharing of nude and/or semi-nude images/videos);
- upskirting;
- producing graffiti;
- gossiping;
- excluding people from groups;
- spreading hurtful and/or untruthful rumours.

Many experts believe that bullying involves an imbalance of power between the perpetrator and the victim. This could involve perpetrators of bullying having control over the relationship which makes it difficult for those they bully to defend themselves. The imbalance of power can manifest itself in several ways. It may be physical, psychological (knowing what upsets someone), derive from an intellectual imbalance, or by having access to the support of a group, or the capacity to socially isolate. It can result in the intimidation of a person or persons through the threat of violence or by isolating them either physically or online.

All staff are made aware that technology is a significant component in many safeguarding and wellbeing issues and can also adversely affect the behaviour of all parties involved. Children are at risk of abuse online (cyber-bullying) as well as face to face. In many cases abuse will take place concurrently via online channels and in daily life. Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic messages, the consensual or non-consensual sharing of nude and/or semi-nude images/videos or other indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.

Cyber bullying can be defined as the use of information and communications technology particularly mobile phones and the internet, deliberately to upset someone else. Cyber bullying that occurs while pupils are under the school's direct supervision will be dealt with in line with this Policy and procedures.

In cases where cyber bullying occurs while pupils are outside our direct supervision (i.e. at home), parents will be encouraged to report these incidents to the Police as criminal laws (such as those pertaining to harassment, threatening and menacing communications) may apply. Parents are also encouraged to report such bullying to the school. If the alleged perpetrator is a member of this school community, the school will act in line with this Behaviour Policy and procedures. The school will, wherever possible, support parents in this and may impose a sanction upon the bully where this individual is recognisable.

13.2 The law

The School endeavours to comply with the legal requirements placed on schools and the Governing body to determine detailed measures (rules, rewards, sanctions and behaviour management strategies) that "encourage good behaviour and respect for others on the part of pupils and, in particular, preventing all forms of bullying among pupils" (Education and Inspections Act 2006, section 89). The school will exercise its legal powers as outlined in section 89/5 and section 91, Education and Inspections Act 2006 as deemed appropriate and practicable.

Schools are required to comply with the equality duty 'The Equality Act 2010'. The public sector equality duty has three aims:

- Eliminate unlawful discrimination, harassment, victimisation and any other conduct prohibited by the Act;
- advance equality of opportunity between people who share a protected characteristic and people who do not share it; and
- foster good relations between people who share a protected characteristic and people who do not share it.

13.3 Reporting and recording incidents of bullying

Pupils and parents are encouraged to report bullying to any member of staff. Incidents are, in the first instance, referred to the pupil's Class teacher or Head of Year to be investigated, appropriate action taken and parents will be informed promptly using usual school procedures. Pupil voice is important at this school and pupils are encouraged through various means to report any incidents of bullying behaviour which they encounter personally or become aware of. This is reinforced via assemblies, Anti-Bullying Week, PSHE and during class/circle time. The Rewards and behaviour policy and procedures also reinforce the school's expectation as to how members of the school community should conduct themselves. A log will be maintained of racist incidents and information on incidents of bullying. All reported incidents of bullying will be recorded regardless of the outcome of the investigation.

13.4 Tackling bullying

The aim of any anti-bullying intervention is to safeguard and support the victim, discipline and modify the behaviour of the bully with a view to prevent, de-escalate and stop further incidents of harmful behaviour.

14. Drugs and drug-related incidents

14.1 General

A drug is a substance which, when taken into the body, changes the way we feel, the way we see things and the way the body works. This section covers a range of drugs including medicines, tobacco, alcohol, solvents, novel psychoactive substances (so called 'legal highs'), volatile substances and illegal drugs and describes the school's approach to dealing with incidents of drug misuse. Apart from medicines prescribed to an individual, all other items listed above are classed as 'prohibited items' with respect to screening, searching and confiscation – Section 3.2 refers.

Drugs Education forms part of the HRSE programme delivered in discrete sessions for all pupils.

- Current research indicates that drug use, both legal and illegal, is rising amongst young people.
- We do not support the misuse of tobacco, alcohol, solvents, illegal drugs and medicines by members of the school.
- Under no circumstances will the supply or sale of illegal drugs on the school site will be tolerated.
- The school believes it has a duty to inform and educate young people on the consequences of drug use and misuse.
- Fundamental to our school's values and practice is the principle of sharing the responsibility for education of young people with parents and carers by keeping them informed and involved at all times.
- Whilst we acknowledge that some young people will use and misuse substances, it is important to recognise that the remainder of young people are choosing not to use or misuse substances. We will help individual learners according to their differing needs.

14.2 Responsibilities

The Head teacher has responsibility for supporting other members of staff in the implementation of these procedures. Amanda McAree is named as the designated senior member of staff with responsibility for the drug related procedures in this school and for disseminating any information on drug-related education.

Drug prevention is a whole school issue. All staff, both teaching and support staff, will be made aware of these procedures and how they relate to them should they be called upon to deal with a drug-related incident.

The site-manager regularly checks the school premises – any substances or drug paraphernalia found will be reported to the Head teacher and Senior Leadership Team and dealt with in accordance with these procedures.

14.3 Dealing with drug-related incidents

The following provides our framework for dealing with incidents surrounding the use, suspicion of use and finding of drugs and substances. We recognise that drug use can be a symptom of other problems and, where appropriate, we will involve or refer pupils to other services. Within our school the following guidelines apply to the possession or use of drugs, alcohol and tobacco on school premises:

Medicines

Where pupils are prescribed medicines, cases will be dealt with on an individual basis and appropriate procedures will be followed (e.g. safe storage and administration of medicines in line with national guidance). Information for parents on this issue is available on request from the school.

Tobacco

In line with legislation, the school operates a 'No Smoking' policy in the building and on the school site. This also applies to the use of e-cigarettes.

Alcohol

No alcohol is consumed during the normal school day. Those hiring the school premises are not allowed to consume alcohol on site unless it has been authorised by the Governing Body and forms part of the Lettings Contract.

Solvents

The school will ensure that potentially harmful substances are stored safely, and pupils will be supervised carefully where such substances are used during their work. The use of aerosol deodorants will be discouraged because of the potential risks to people with asthma or other bronchial problems.

Illegal substances

Illegal or illicit substances must not be brought to school or used on school premises.

14.4 Discovering a drug or suspected illegal substance

- (1) Take possession of the drug/substance and inform the Head teacher/Senior Leadership Team member who will inform the Head teacher at the first available opportunity.
- (2) In the presence of a witness the article should be packed securely and labelled with the date, time and place of discovery.
- (3) The package should be signed by the person who discovered it and stored in a secure place.
- (4) The Head teacher will always involve the school's link community liaison Police Officer in the case of suspected drugs or illegal substances in school.
- (5) In the event of discovering a hypodermic needle, the incident should be recorded and the following procedure should be observed to protect all persons:
 - Do **NOT** attempt to pick up the needle.
 - If possible, cordon off the area to make it safe.
 - Inform the Head teacher/Senior Leadership Team member.
 - The needle should be placed in a sharps box or other secure metal box and disposed of via a local medical surgery.

14.5 Discovering or suspecting a pupil is in possession of a drug/drug paraphernalia

- (1) Request that the pupil hand over the article(s).
- (2) Having taken possession of the substance/paraphernalia, the procedure should be followed as above.
- (3) **EXTREME CARE SHOULD BE TAKEN IF HYPODERMIC NEEDLES ARE INVOLVED.**

If a pupil refuses to hand over articles a search may be required - it should be noted that in accordance with current DfE advice:

- The Head teacher and other authorised staff can search lockers etc. without the permission of the pupil when looking for prohibited items.
- Teachers can search a pupil's outer clothing so long as a witness is present, without the consent of the pupil. The personal search must be undertaken by a teacher of the same sex with the witness being the same sex wherever possible. Reasonable force may be used to complete the search.
- Pupils should be given the opportunity to empty their pockets, bag, etc. in the presence of a witness.

14.6 Dealing with a pupil suspected to be under the influence of a drug or substance

Stay calm, place the pupil in a quiet area, do not leave on their own and seek medical advice from the school's first aider who will assess the situation and act appropriately, the Head teacher/Senior Leadership Team member must also be informed.

Any suspected substances found should travel with the pupil if removed from the school for treatment. Vomit should be safely collected where possible by the school's First Aider and taken with the pupil (for analysis).

All drug related incidents will be recorded.

14.7 When to contact the Police/disciplinary action

The Police will always be contacted in situations where controlled drugs are found. Any decisions made on the appropriate disciplinary action to be taken will take the Police advice into consideration. Further advice on this subject can be found in the NPCC guidance document '[When to call the Police – Guidance for schools and colleges](#)'.

- Where controlled drugs are found, these will be delivered to the Police as soon as possible.
- Alcohol will be disposed of. Under no circumstances will alcohol be returned to the pupil.
- Tobacco or cigarette papers, lighters and vapes will also be disposed of in the same way as alcohol.
- If other substances are found which are not believed to be controlled drugs, these will be confiscated and disposed of in accordance with the school's procedures. This would include, for example, so called 'legal highs'. Where staff suspect that a substance may be a controlled drug, they will treat them as controlled drugs and follow the procedure above.

In the event of a drug-related incident in the school, the school would co-operate with the Police should they wish to search the premises.

As a result of a drug-related incident, the pupil(s) concerned will be subject to disciplinary action. This action may result in a fixed term exclusion and in the most serious of cases would result in permanent exclusion.

14.8 Procedures for dealing with drug-related incidents involving adults

The following examples are situations where concerns about drug misuse or related behaviour involve a parent or other adult rather than pupils:

- Adults may attend school premises under the influence of alcohol or drugs.
- A parent or adult may attempt to remove a child from school premises during or at the end of the school day whilst under the influence of alcohol or drugs.
- An adult may behave aggressively, intimidate or threaten staff or assault school staff or pupils whilst appearing to be under the influence of alcohol or drugs.
- School staff may be concerned that a parent or family member's drug misuse may put the child at risk.
- An adult may be involving pupils in drug misuse or the supply of drugs to pupils.

These examples are not exhaustive and in each case, the Head teacher will consider the safety of the whole school community including staff when determining the appropriate course of action.

Where, in the opinion of school staff, it is thought that an adult is unable to provide appropriate care and supervision of a child because they are under the influence of drugs or alcohol, they will first attempt to contact an alternative adult carer for the child before contacting the LA Social Care Services and, if necessary, the Police.

Where there are concerns over the safety of the child, school staff will attempt to persuade the adult not to leave the premises with the child until appropriate assistance arrives. If the adult insists on leaving the school, staff will immediately contact the Police. This will also be the case if an adult becomes threatening or aggressive.

If school staff have concerns about an adult or adults supplying drugs on or near school premises, or to any of the pupils outwith school premises, the Head teacher or other member of staff will consult with the Police.

15. Behaviour of parents and other visitors to the School

The School encourages close links with parents and the community. We believe that pupils benefit when the relationship between home and school is a positive one. The vast majority of parents and others visiting our school are keen to work with us and are supportive of the school. However, on the rare occasions when a negative attitude towards the school is expressed, this can result in aggression, threatening behaviour, written, verbal and/or physical abuse towards a member of the school community.

Violence, threatening behaviour and abuse against school staff or other members of the school community will not be tolerated. When formulating our procedures, reference was made to the DfES document 'A

Legal toolkit for schools – Tackling abuse, threats and violence towards members of the school community’ and DfE non-statutory guidance ‘Controlling access to School premises’ (November 2018).

Our school expects and requires staff to behave professionally in these difficult situations, and to attempt to defuse the situation where possible, seeking the involvement as appropriate of other colleagues. However, all members of the school community (including other parents and visitors) have the right to visit and work without fear of violence and abuse, and the right in an extreme case, of appropriate self-defence.

We expect parents and other visitors to behave in a reasonable way towards other members of the school community. The following outlines the steps that will be taken where parent or visitor behaviour is unacceptable.

15.1 Types of behaviour that are considered serious and unacceptable

The following list outlines the types of behaviour that are considered serious and unacceptable and will not be tolerated towards any member of the school community. This is not an exhaustive list but seeks to provide illustrations of such behaviour:

- Shouting, either in person or over the telephone
- Speaking in an aggressive/threatening tone
- Physical intimidation e.g. standing very close to her/him
- The use of aggressive hand gestures/exaggerated movements
- Physical threats
- Shaking or holding a fist towards another person
- Swearing
- Pushing
- Hitting, e.g. slapping, punching or kicking
- Spitting
- Racist, sexist, defamatory or other derogatory comments
- All types of sexual violence and sexual harassment as outlined above
- Sending inappropriate or abusive e-mails to school staff or to the general school e-mail address
- Publishing or posting derogatory or inappropriate comments which relate to the school, its pupils or staff/volunteers on a social networking site
- Breaking the school’s security procedures

Unacceptable behaviour may result in the Police being informed of the incident.

15.2 Procedures for dealing with unacceptable behaviour

When a parent or member of the public behaves in an unacceptable way during a telephone conversation, staff at the school have the right to terminate the call. The incident will be reported by staff to the Senior Management Team. The school reserves the right to take any necessary actions to ensure that members of the school community are not subjected to verbal abuse. The school may warn the aggressor, temporarily or permanently ban them from the school site, and/or contact the Police.

When any parent or visitor behaves in an unacceptable way in person towards a member of the school staff a member of the Senior Management Team will seek to resolve the situation through discussion and mediation. If necessary, the school’s complaints procedure should be followed. Where all procedures have been exhausted, and aggression or intimidation continues, or where there is an extreme act of violence, the discussion will be terminated and the visitor will be asked to leave the school immediately. It is also an offence under Section 547 of the *Education Act 1997* for any person (including a parent) to cause a nuisance or disturbance on school premises. The Police will be called if necessary. The perpetrator may also be banned from the school premises for a period, which will be determined by the school.

Prior to a ban being imposed, the following steps will be taken:

- Depending on the severity of the incident, the individual may first be issued with a written warning stating that if a similar incident occurs, the individual concerned will be banned (temporarily or permanently) from the school premises.

- In more serious cases, the individual will be informed, in writing, that she/he is banned from the premises temporarily, subject to review, and what will happen if the ban is breached.
- Extreme incidents will result in a permanent ban being enforced immediately. The individual will be informed in writing of the permanent ban but will be given the right to appeal in writing against the decision.
- In all cases, parents will be given the opportunity to discuss any issues relating to their child with school staff.
- Incidents of verbal or physical abuse towards staff may result in the Police being informed and may result in prosecution.

If an individual is intimidating, threatening or aggressive towards a member of the school community any interaction will be terminated immediately and the person will be instructed to leave the premises. Further action may be taken by the school.

The School will take action where behaviour is unacceptable or serious and breaches this Rewards and Behaviour Policy and procedures.

15.3 Unacceptable use of technology

The School takes the issue of unacceptable use of technology by any member of the school community very seriously.

We expect parents and other adults within the school community to act responsibly when using online technologies. The expectation of parents is set out on page 4. Failure to comply with these expectations could result in parents and/or other adults being banned either temporarily or permanently from the school site, and the incident may be reported to the Police.

Acceptable Use Agreements exist for pupils, staff and governors of the School and form part of our Online Safety Policy and procedures.
